Statement from the Board of Directors

The Group's consolidated loss for the year had increased by approximately 37% as compared to the corresponding period in 2020. Such an increase in consolidated loss was mainly attributable to:

- (i) the deferred tax for which last year's figure was a deferred tax credit of approximately HK\$4.5 million but it changed to a deferred tax charge of approximately HK\$6.0 million in the current year; and
- (ii) the increase in selling and distribution expenses from approximately HK\$60 million to approximately HK\$74 million as a result of increase in revenue.

The outbreak of COVID-19 in the PRC had a certain impact on the operations of the Group since early 2020 but the effects on the businesses of the Group was only temporary. The local businesses started to resume in late February 2020 and the Group's operations had gradually restored to normal level very soon. With the continuing economic growth, China has experienced rapid urbanisation and industrialisation, which in turn boost the demand for construction materials. Therefore, although the outbreak of COVID-19 continued in 2021, there was no material adverse impact on our business which was demonstrated by the increase in revenue when compared with last year.

It is expected that infrastructure investment will become the backbone of China's economic recovery. For example, The Communist Party of China Central Committee and the State Council announced on 5 September 2021 to plan to build a Guangdong-Macao in-depth cooperation zone (the "**Zone**"), with a total area of about 106 square kilometers, in Hengqin. Hengqin is located in the southern part of Zhuhai City in Guangdong Province. The Zone will be an important driving force for Macao's long-term development and hence it is a major arrangement to enrich the practice of "One Country, Two Systems".

In the coming few years, China's infrastructure investment will continue to increase to support the economic recovery and stabilize the job market after the epidemic. Among them, traditional infrastructure such as major transportation and water conservancy projects will become the main economic support. As a result, the operations of the Group will be benefited by the rapid economic development and the provincial government's plans to further enhance the transportation infrastructure and etc. in Guangdong Province, the PRC.

Management Discussion and Analysis

REVIEW OF RESULTS AND OPERATIONS

Construction Materials Business

Construction materials business consisted of the PHC Pile and Others Business.

PHC Pile and Others Business

PHC Pile and Others Business is operated by a subsidiary of the Company, 廣東恒佳建材股份有限公司 Guangdong Hengjia Construction Materials Co., Ltd* (“**Guangdong Hengjia**”) and its production factory is situated in Yangjiang City, Guangdong Province, the PRC. Guangdong Hengjia sells its products to customers located in Yangjiang City and its surrounding cities in Guangdong Province.

Revenue from external customers for FY2021 was HK\$515,907,000 compared with HK\$384,960,000 reported last year, which increased by approximately 34%. The increase in revenue for the year was mainly attributable to the increase in sales volume of PHC piles.

Other gains and losses, net

Other gains and losses, net for FY2021 amounted to HK\$1,131,000 (FY2020: HK\$4,664,000), represented a decrease of HK\$3,533,000. Such decrease was mainly due to the increase in loss on disposal of property, plant and equipment of approximately HK\$2 million and absent of gain on deregistration of subsidiaries of approximately HK\$2 million in FY2021.

Administrative expenses

Administrative expenses for FY2021 amounted to HK\$32,336,000 (FY2020: HK\$29,371,000), representing an increase of 10%, which was mainly due to the increase in social and medical insurance expense of approximately HK\$2 million provided for PRC labour.

Discontinued operation

Financial services operation was discontinued during the year ended 31 December 2020.

Loss for the period from discontinued operation was HK\$1,444,000 for last year.

Management Discussion and Analysis

LIQUIDITY AND FINANCIAL RESOURCES

The Group finances its operations with equity fund raising activities, internally generated cash flow and banking facilities provided by its principal bankers in the PRC. As at 31 December 2021, equity attributable to owners of the Company was HK\$180,458,000, representing a decrease of approximately 10% over last year. As at 31 December 2021, the Group's cash and cash equivalents stood at HK\$2,734,000 whereas interest-bearing borrowings were HK\$35,575,000. The annual interest rates of the borrowings for FY2021 ranged from 3.85% to 7.92% per annum. The above borrowings were denominated in Hong Kong Dollar and Renminbi. During the year, the Group did not use any financial instruments for any hedging purposes. The gearing ratio, which was computed by dividing the current liabilities and non-current liabilities by total equity, was approximately 110% as at 31 December 2021.

SIGNIFICANT INVESTMENTS, ACQUISITION AND DISPOSAL

The Group has no significant investment, acquisition and disposal during the year.

CAPITAL STRUCTURE

Convertible notes

As at 31 December 2021, the Company had convertible notes with principal amount of HK\$30,000,000. Based on the opinion obtained from the legal adviser of the Company, in view of the on-going legal proceedings mentioned under the paragraph headed "Contingent Liabilities" and "Legal Proceedings" in this report, the Company maintains the position that all remaining convertible notes of the Company are void and are not capable of converting into shares of the Company.

Shares allotment

2020 Allotment

On 29 November 2019, the Company entered into a subscription agreement with Wealthy Port Holdings Limited ("**Wealthy Port**"), the then substantial shareholder of the Company, which is beneficially owned by Mr. Chim Sai Yau, Oscar, a former executive Director of the Company, pursuant to which the Company has conditionally agreed to allot and issue 149,063,676 ordinary shares of HK\$0.1 each to Wealthy Port at a price of HK\$0.1 per share ("**2020 Subscription**"). The share allotment was completed on 30 March 2020 and the net proceeds of approximately HK\$13.9 million, representing a net price of approximately HK\$0.093 per subscription share, raised from the 2020 Subscription ("**2020 Net Proceeds**") would be used for general working capital purposes.

During the nine months ended 31 December 2020, the 2020 Net Proceeds was utilised as follows:

Intended usage of the 2020 Net Proceeds	Estimated amount (HK\$ million)	Actual usage as at 31 December 2020 (HK\$ million)
Group's rental related expenses	4.0	4.0
Staff and directors' remuneration	3.0	3.0
Legal and professional fees	5.0	4.2
Administration related expenses	1.9	1.3
Total	13.9	12.5

Management Discussion and Analysis

The remaining 2020 Net Proceeds in the amount of HK\$1.4 million from the 2020 Subscription as at 31 December 2020 has been fully utilised in accordance with the intended usage during the first quarter of 2021.

Share options

No share options were granted, exercised, lapsed or cancelled during the years ended 31 December 2021 and 2020.

PLEDGE OF ASSETS

Details of pledge of assets of the Group are set out in note 32 to the Consolidated Financial Statements.

EMPLOYEES AND REMUNERATION POLICIES

As at 31 December 2021, the Group had approximately 432 full-time management, administrative, technical and production staff in the PRC and Hong Kong. Their remuneration, promotion and salary review are assessed based on job responsibilities, work performance, professional experiences and the prevailing industry practice. The Group's Directors and employees in Hong Kong joined the Mandatory Provident Fund Scheme.

FOREIGN EXCHANGE AND CURRENCY RISKS

The Group's monetary assets, liabilities and transactions are principally denominated in Renminbi ("RMB") and Hong Kong Dollar ("HK\$"). The Group, with HK\$ as its presentation currency, is exposed to foreign currency risk arising from the exposure of HK\$ against RMB. The Group has a net exchange exposure to RMB as the Group's assets are principally located in the PRC. The Group manages and monitors foreign exchange exposures to ensure appropriate measures are implemented on a timely and effective manner.

COMMITMENT

The Group did not have material commitments as at 31 December 2021 and 31 December 2020.

CONTINGENT LIABILITIES

Save as disclosed in note 44 to the Consolidated Financial Statements, the Group did not have material contingent liabilities as at 31 December 2021 and 31 December 2020.

LEGAL PROCEEDINGS

Save as disclosed in note 43 to the Consolidated Financial Statements, the Group did not have material legal proceedings as at 31 December 2021.

PROSPECT

Although the Sino-US trade war has been ongoing since 2018, the dispute has no material impact on the Group's operations. According to a guideline jointly issued by the General Office of the Communist Party of China Central Committee of the PRC and the General Office of the State Council of the PRC dated 24 February 2021, China has unveiled plans to build the country's strength in the transport sector over the next 15 years, setting long-term goals for the industry, with the aim of developing a modern, high-quality and comprehensive national transport network. By 2035, the country's transport network should be convenient, cost-effective, green, intelligent and safe. Among them, there will be about 200,000 km of railways, 460,000 km of highways and 25,000 km of high-grade waterways, with 27 major coastal ports, 36 major inland ports, about 400 civil-transport airports and about 80 postal express-delivery hubs.

The Directors consider that such policies will have positive effects to the construction material industry in the PRC and thus can benefit the Group. In addition, the Group has been committed to expand the business scale by exploring new business, bringing new growth and momentum to the Group.

The business review of the Group as at 31 December 2021 are set out under the section headed “Management Discussion and Analysis” of this report on pages 5 to 7.

PRINCIPAL RISKS AND UNCERTAINTIES

The principal risks and uncertainties facing the Group include the risks pertaining to the building materials industry and foreign currency risk.

In recent years, the building materials industry has been affected by unfavorable factors such as rising raw material prices, market situation changes and intensified competition among peers. The future competition of the industry is largely reflected in the all-round business competition.

The Group’s monetary assets, liabilities and transactions are principally denominated in Renminbi (“**RMB**”) and Hong Kong Dollar (“**HK\$**”). The Group, with HK\$ as its presentation currency, is exposed to foreign currency risk arising from the exposure of HK\$ against RMB. The Group has a net exchange exposure to RMB as the Group’s assets are principally located in the PRC. The Group manages and monitors foreign exchange exposures to ensure appropriate measures are implemented on a timely and effective manner.

KEY RELATIONSHIPS WITH EMPLOYEES, CUSTOMERS AND SUPPLIERS

During the Reporting Period, the Group has maintained a good relationship with its stakeholders, including employees, customers, suppliers, banks, regulators and shareholders. The Group will continue to ensure effective communication and maintain good relationship with each of its key stakeholders.

RESULTS AND DIVIDENDS

The Group’s results for the year ended 31 December 2021 and the state of affairs of the Company and of the Group at that date are set out in the consolidated financial statements on pages 34 to 108 of this report.

The Directors do not recommend the payment of final dividend in respect of current financial year to the shareholders.

PROPERTY, PLANT AND EQUIPMENT

Details of movements in the property, plant and equipment of the Group during the year are set out in note 18 to the consolidated financial statements.

Report of the Directors

SHARE CAPITAL, SHARE OPTION SCHEME AND CONVERTIBLE NOTES

Movements in the Company's share capital during the year are set out in note 34 to the consolidated financial statements.

Details of the convertible notes and share option scheme are set out in note 35 and note 37 to the consolidated financial statements, respectively.

DIVIDEND POLICY

The objective of the Company's dividend policy (the "**Dividend Policy**") is to allow shareholders of the Company (the "**Shareholders**") to participate in the Company's profits whilst retaining adequate reserves for the Group's future growth.

The Board has the discretion to declare and distribute dividends to the Shareholders, subject to the Articles and all applicable laws and regulations and the factors set out below.

Factors to be considered

- (i) The Board shall consider the following factors of the Group before declaring or recommending dividends:
- the Group's results of operations and cash flows;
 - the Group's future prospects;
 - general business conditions;
 - the Group's capital requirements and surplus;
 - contractual restrictions on the payment of dividends by the Company to its Shareholders or by subsidiaries to the Company;
 - taxation considerations;
 - possible effects on the Company's creditworthiness;
 - statutory and regulatory restrictions; and
 - any other factors the Board may deem relevant.
- (ii) Depending on the financial conditions of the Group and the conditions and factors as set out above, dividends may be proposed and/or declared by the Board for a financial year or period:
- interim dividend;
 - final dividend;
 - special dividend; and
 - any distribution of net profits that the Board may deem appropriate.

Report of the Directors

RESERVES

Details of movements in the reserves of the Group during the year are set out in the consolidated statement of changes in equity and note 36 to the consolidated financial statements.

Distributable reserves of the Company as at 31 December 2021 amounted to HK\$50,529,000 (2020: HK\$54,995,000).

EVENTS AFTER THE REPORTING PERIOD

The Group does not have any significant events after the reporting period.

PRE-EMPTIVE RIGHTS

There are no provisions for pre-emptive rights under the Company's bye-laws or the laws of Bermuda which would oblige the Company to offer new shares on a pro rata basis to existing shareholders.

PURCHASE, SALE OR REDEMPTION OF LISTED SECURITIES OF THE COMPANY

Neither the Company nor any of its subsidiaries has purchased, sold or redeemed any of the Company's listed securities during the year.

Corporate Governance Report

DIVERSITY OF THE BOARD

The Board adopted a board diversity policy. The Company recognizes and embraces the benefits of having a diverse Board and perceives increasing diversity at Board level as an essential element in contributing to the attainment of the Company's strategic objectives and sustainable development. The Company seeks to promote Board diversity through the consideration of a number of factors, including but not limited to gender, age, cultural and educational background, professional experience, skills, knowledge and length of service.

The Nomination Committee is responsible for the review of the Board's diversity policy and review the measurable objectives that the Board has set for implementing the Board's diversity policy, and monitor the progress on achieving the measurable objectives.

INTERNAL CONTROL AND RISK MANAGEMENT

The Board is responsible for maintaining sound and effective risk management and internal control systems for the Group, as well as reviewing the effectiveness of these systems. These systems are designated to manage rather than eliminate the risk of failure to achieve business objectives, and can only provide reasonable and not absolute assurance against material misstatement or loss. These systems also safeguard the Group's assets, ensure proper maintenance of accounting records and reliability of financial reporting and compliance with operating procedures as well as relevant legislation and regulations.

During the year under review, the Group does not have an internal audit function and has engaged external professional consultant (the "**internal control auditors**") to conduct review of the internal control system of the Group. The internal control auditors were responsible for the analysis and independent appraisal of the adequacy and effectiveness of the risk management and internal control systems of the Group. At the same time, they also assessed the risks inherent to the business and operation, and conducted reviews or audits to provide reasonable, and not absolute, assurance that adequate governance and controls are in place to address such risks.

The Board has conducted annual review of the effectiveness of the risk management and internal control systems of the Group including financial control, operational control, compliance control, information systems security, effectiveness of financial reporting and considered such systems are effective and adequate.

Main Features of the Risk Management and Internal Control Systems

The Directors have the overall responsibility for internal control, including risk management, and set appropriate policies having regard to the objectives of the Group. The Group's policies and procedures, including parameters for delegated authorization, provide a framework for identification and management of risks. The Board takes responsibility to oversee all major matters of the Group, including the formulation and approval of all policies, overall strategies, risk management and internal control systems after taking into consideration of the recommendations made by the relevant committees, as well as monitoring the performance of the senior management and approving the detailed operational and financial report, budget and business plan submitted by the management. Meanwhile, the Executive Directors conduct regular reviews with the management team of each core business on their authorized functions and work.

Corporate Governance Report

INTERNAL CONTROL AND RISK MANAGEMENT *(Continued)*

Main Features of the Risk Management and Internal Control Systems *(Continued)*

The management designs, implements and monitors the risk management and internal control systems, and ensures the effective performance of these systems; monitors risks and takes measures to mitigate risks in daily operations; provides timely responses and follow-up actions to findings on internal control matters raised by internal control auditors or by external auditors; and provides confirmation to the Board on the effectiveness of these systems.

The Audit Committee is responsible for the ongoing review of the Group's risk management and internal control functions. On behalf of the Board, the Audit Committee regularly reviews the Group's risk management and internal control systems; ensures that the management has performed its duty for effective systems; considers major investigation findings on risk management and internal control matters and management's responses to these findings.

Internal Audit

The internal control auditors perform internal audit annually on financial and operational systems and to assess the internal control system for any weakness and identify risk and problem areas. They also review the effectiveness of risk management and internal control systems. The audit results are communicated to the audited business unit. The internal control auditors report on the internal control weaknesses, make recommendations for improvement and suggest remedial actions. The internal audit reports comprise the findings of material internal control defects, which are graded by high level, middle level and low level risks, the recommendations and management's responses. The specific measures for remedial actions, the responsible persons and the expected completion period for those actions are also set out in the report.

The Directors have meetings with the internal control auditors regularly. During the meetings, the internal control auditors report their findings and follow up actions on their audits to the Directors. The internal control auditors also meet with the Board and Audit Committee, annually or biannually, with presentation of their audit reports. They communicate with the Board about major findings on risk management and internal control matters, the recommendations for improvement and the suggested remedial actions. The internal control auditors also make follow up reviews on the implementation of corrective measures for the correction of the internal control defects.

For the year under review, the Audit Committee considered that the Group's risk management and internal control systems were adequate and effective.

Inside Information

In respect of the compliance with the requirements of the SFO and the Listing Rules to identify, handle and disseminate inside information (having the meaning under the SFO), the Group has adopted appropriate policy to ensure that inside information of the Group is to be disseminated in the public in equal and timely manner and in accordance with the applicable legislation and regulations. It is the obligation of the Board to ensure the Company's compliance with its disclosure responsibilities. The Company must disclose inside information to the public as soon as reasonably practicable, unless the "safe harbours" provisions under the SFO apply. The Board shall take reasonable precautions for preserving the confidentiality of inside information and the relevant announcement (if applicable) before publication. The Board is also responsible to guard against mishandling of inside information. The Directors and relevant employees are notified of the regular blackout period and securities dealing restrictions. No persons other than those authorized by the Board shall disclose or clarify any inside information, or attempt to do so, in particular to the media, analysts or investors. Any disclosure of inside information must be made through the electronic publication system operated by the Stock Exchange and the Company's Website at www.hk0058.com.

Corporate Governance Report

CORPORATE GOVERNANCE FUNCTIONS

The Board is responsible for performing the corporate governance functions set out in the Code. The corporate governance duties performed by the Board for the year ended 31 December 2021 are summarized below:

- (a) to develop and review the Company's policies and practices on corporate governance and make recommendations to the Board;
- (b) to review and monitor the training and continuous professional development of the Directors and senior management;
- (c) to review and monitor the Company's policies and practices on compliance with legal and regulatory requirements;
- (d) to develop, review and monitor the code of conduct applicable to employees and directors; and
- (e) to review the issuer's compliance with the code and disclosure in the Corporate Governance Report.

The Company has complied with the Code Provisions as set out in the Code contained in Appendix 14 to the Listing Rules during the year ended 31 December 2021 and as at the date of this report, except for the following deviations:

- (a) insufficient number of independent non-executive directors

Following the resignation of Mr. Tong Leung Sang and Mr. Chan Sung Wai on 1 January 2021 and 1 November 2021 respectively and prior to the effective date of the appointment of Mr. Yu Shui Sang Bernard ("**Mr. Yu**") and Mr. Wong Yue Kwan Alan ("**Mr. Wong**") on 4 January 2021 and 1 January 2022 respectively, the Board comprised two independent non-executive Directors, and therefore the Company failed to meet the requirements of having:

- (i) at least three independent non-executive directors on the Board under Rule 3.10(1) of the Listing Rules;
- (ii) the Audit Committee comprising only non-executive directors with a minimum of three members under Rule 3.21 of the Listing Rules;
- (iii) the Remuneration Committee comprising a majority of independent non-executive directors under Rule 3.25 of the Listing Rules; and
- (iv) the Nomination Committee comprising a majority of independent non-executive directors under Code Provision A.5.1 of the Corporate Governance Code contained in Appendix 14 to the Listing Rules.

After the appointment of Mr. Yu and Mr. Wong which came into effect on 4 January 2021 and 1 January 2022 respectively, the Company had re-complied with all the above requirements.

Corporate Governance Report

CORPORATE GOVERNANCE FUNCTIONS *(Continued)*

(b) identity of the chairman and chief executive and whether their roles are separate

Following the resignation of Mr. Li Chongyang, former Managing Director, and Mr. Fok Po Tin, former Chairman, on 27 August 2021 and 1 January 2022 respectively, the Company had no designated Director to act as a chairman or a chief executive. The responsibility of a chairman or a chief executive rests with the board of directors of the Company and the Company fails to comply with Code Provision C.2.1 of the Code contained in Appendix 14 to the Listing Rules.

The Company has made endeavors however more time is required to identify suitable candidate to be the chairman and chief executive in order to comply with the Code. The Company will continue with such endeavors and will comply with the Code as soon as possible.

MODEL CODE FOR SECURITIES TRANSACTIONS

The Company has adopted the Model Code as set out in Appendix 10 to the Listing Rules as its own code of conduct regarding securities transactions by the Directors. Having made specific enquiry of all Directors, the Company confirms that all Directors have complied with the required standard set out in the Model Code throughout the year.

COMMUNICATION WITH SHAREHOLDERS

The Company is committed to ensure that the Group complies with disclosure obligations under the Listing Rules and other applicable laws and regulations, and that all shareholders and potential investors have an equal opportunity to receive and obtain externally available information issued by the Company, to enable the shareholders and the potential investors to make an informed decision on their investments in the shares and other securities of the Company, and to actively participate in the activities organised by the Company for them. The Company communicates with the shareholders and the potential investors through various channels, including annual and interim reports, annual general meetings and special general meetings, announcements and circulars.

The Company welcomes the attendance of shareholders at general meetings to express their views. All the Directors are encouraged to attend the general meetings to have personal communication with shareholders. The external auditor is also required to be present to assist the Directors in addressing any relevant queries by shareholders.

Information published by the Company pursuant to the Listing Rules will be made available on each of the websites of the Stock Exchange and the Company at www.hk0058.com to enable the shareholders and the potential investors to have better understanding of the Company and its latest development. All key information such as announcements, annual and interim reports can be downloaded from either of these websites.

The written requisition must state the resolution, accompanied by a statement of not more than one thousand words with respect to the matter referred to in any proposed resolution or the business to be dealt with at the shareholders' meeting. It must also be signed by all of the shareholders concerned and be deposited at the Company's office in Hong Kong at 3/F., Mandarin Commercial House, 38 Morrison Hill Road, Wanchai, Hong Kong, for the attention of the Company Secretary not less than six weeks before the shareholders' meeting in case of a requisition requiring notice of a resolution.

The shareholders concerned must deposit a sum of money reasonably sufficient to meet the Company's expenses in serving the notice of the resolution and circulating the statement submitted by the shareholders concerned under applicable laws and rules.

(3) Procedures for shareholders to propose a person for election as a director

As regards the procedures for proposing a person for election as a director, please refer to the procedures made available under the Corporate Governance section of the Company's website at www.hk0058.com.

(4) Shareholders' enquiries

Shareholders should direct their questions about their shareholdings to the Company's Hong Kong branch share registrar. Shareholders and the investment community may at any time make a request for the Company's information to the extent that such information is publicly available. Shareholders and the investment community may make enquiries to the Board by addressing them to the Company Secretary by post to the head office of the Company at 3/F., Mandarin Commercial House, 38 Morrison Hill Road, Wanchai, Hong Kong.

CONSTITUTIONAL DOCUMENTS

The Company adopted an amended bye-laws of the Company by a special resolution passed on 2 June 2016. There were no other changes in the Company's constitutional documents during the year.

Independent Auditor's Report

TO THE SHAREHOLDERS OF SUNWAY INTERNATIONAL HOLDINGS LIMITED

新威國際控股有限公司

(Incorporated in Bermuda with limited liability)

OPINION

We have audited the consolidated financial statements of Sunway International Holdings Limited (the “**Company**”) and its subsidiaries (collectively referred to as the “**Group**”) set out on pages 34 to 108, which comprise the consolidated statement of financial position as at 31 December 2021, and the consolidated statement of profit or loss, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2021, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards (“**HKFRSs**”) issued by the Hong Kong Institute of Certified Public Accountants (the “**HKICPA**”) and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing (“**HKSAs**”) issued by the HKICPA. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the HKICPA's *Code of Ethics for Professional Accountants* (the “**Code**”), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independent Auditor's Report

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter

How our audit addressed the key audit matter

Valuation of property, plant and equipment

Refer to note 18 to the consolidated financial statements.

As at 31 December 2021, certain of the Group's property, plant and equipment with carrying amounts of HK\$116,213,000 are measured at revalued amounts and loss on revaluation of property, plant and equipment with an amount of HK\$890,000 recognised in the consolidated statement of profit or loss and other comprehensive income.

The fair value of the Group's property, plant and equipment is determined by adopting the valuation techniques with assumptions of market conditions and judgment. The Group also engaged an independent qualified professional firm of valuer to establish and determine the appropriate valuation techniques.

We focused on this area due to the valuation of property, plant and equipment involved the use of significant assumptions and judgment.

Our audit procedures in relation to management's determination of the valuation of property, plant and equipment included:

- understanding the methodologies used by the independent external valuer;
- evaluating the competence, capabilities and objectivity of the independent external valuer;
- assessing the appropriateness of key assumption based on our knowledge of the business and industry; and
- checking the accuracy and appropriateness of the input data used.

We found the management's judgment and estimates used to assess the fair value of property, plant and equipment was supportable by available evidence.

Independent Auditor's Report

KEY AUDIT MATTERS (Continued)

Key audit matter (Continued)

How our audit addressed the key audit matter

Impairment assessment on trade and bill receivables, deposits and other receivables

Refer to notes 23 and 24 to the consolidated financial statements.

As at 31 December 2021, the Group has trade and bill receivables, deposits and other receivables, net of allowance of credit losses, of approximately HK\$249,005,000 and HK\$50,835,000 respectively. Management judgment was required in assessing and determining the recoverability of trade and bill receivables, deposits and other receivables, and determining the adequacy of allowance made.

In determining whether there was objective evidence of impairment loss, the Group took into consideration the credit history of the customers and the current market condition which may require management judgment.

We focused on this area due to the impairment assessment of trade and bill receivables, deposits and other receivables under the expected credit loss model involved the use of significant judgment and estimates.

Our audit procedures in relation to management's impairments assessment on trade and bill receivables, deposits and other receivables included:

- understanding the Group's procedures on credit period given to customers with the management;
- checking, on a sample basis, the aging profile of the trade and bill receivables, deposits and other receivables as at 31 December 2021 to the underlying financial records and post year-end settlements to bank receipts;
- inquiring management for the status of each of the material trade receivables past due as at 31 December 2021 and corroborating explanations from management with supporting evidence, such as understanding on-going business relationship with the customers based on trade records, checking historical and subsequent settlement records of trade debtors with material balances; and
- assessing the appropriateness of the expected credit loss provisioning methodology, examining the key data inputs on a sample basis to assess their accuracy and completeness, and challenging the assumptions, including both historical and forward-looking information, used to determine the expected credit losses.

We found the management's judgment and estimates used to assess the recoverability of trade and bill receivables, deposits and other receivables was supportable by available evidence.

OTHER INFORMATION

The directors are responsible for the other information. The other information comprises all the information in the annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Independent Auditor's Report

RESPONSIBILITIES OF THE DIRECTORS AND THE AUDIT COMMITTEE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The Audit Committee responsible for overseeing the Group's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion solely to you, as a body, in accordance with Section 90 of the Bermuda Companies Act, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.

Independent Auditor's Report

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS *(Continued)*

- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Mr. Wong Ho Kwan with Practising Certificate number P07543.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2021

1. GENERAL INFORMATION

Sunway International Holdings Limited (the “**Company**”) is a limited liability company incorporated in Bermuda and the issued shares of which are listed on The Stock Exchange of Hong Kong Limited (the “**Stock Exchange**”). The registered office of the Company is located at Clarendon House, 2 Church Street, Hamilton HM 11, Bermuda and its principal place of business is situated at 3/F, Mandarin Commercial House, 38 Morrison Hill Road, Wanchai, Hong Kong. Its major shareholder is Wealthy Port Holdings Limited, a company incorporated in Hong Kong and ultimately controlled by Mr. Chim Sai Yau Oscar.

The Company’s principal activity is investment holding. The Group is principally engaged in manufacturing and trading of pre-stressed high strength concrete pile, ready-mixed concrete, autoclaved sand-lime bricks, aerated concrete products and eco-concrete products. The Group was also engaged in provision of financial services during the year ended 31 December 2020, for which the board of directors decided not to renew the money lenders license (the “**License**”) upon expiration on 11 February 2020, that was discontinued accordingly.

The consolidated financial statements are presented in thousands of units of Hong Kong dollar (“**HK\$’000**”), unless otherwise stated.

2. BASIS OF PREPARATION

The consolidated financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards (“**HKFRSs**”) issued by the Hong Kong Institute of Certified Public Accountants (the “**HKICPA**”). In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on the Stock Exchange (the “**Listing Rules**”) and by the Hong Kong Companies Ordinance.

The consolidated financial statements have been prepared on the historical cost basis except for certain property, plant and equipment and certain financial instruments that are measured at revalued amounts or at fair value at the end of each reporting period.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of HKFRS 2 *Share-based Payment*, leasing transactions that are accounted for in accordance with HKFRS 16, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in HKAS 2 *Inventories* or value in use in HKAS 36 *Impairment of Assets*.

A fair value measurement of a non-financial asset take into account a market participant’s ability to generate economic benefits by using the net asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

For property, plant and equipment which are transacted at fair value and a valuation technique that unobservable inputs is to be used to measure fair value in subsequent periods, the valuation technique is calibrated so that at initial recognition the results of the valuation technique equals the transaction price.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2021

2. BASIS OF PREPARATION *(Continued)*

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

3. APPLICATION OF AMENDMENTS TO HKFRSs

Amendments to HKFRSs that are mandatorily effective for the current year

In the current year, the Group has applied the following amendments to HKFRSs issued by the HKICPA for the first time, which are mandatorily effective for the annual periods beginning on or after 1 January 2021 for the preparation of the consolidated financial statements:

Amendment to HKFRS 16	Covid-19-Related Rent Concessions
Amendments to HKFRS 9, HKAS 39, HKFRS 7, HKFRS 4 and HKFRS 16	Interest Rate Benchmark Reform – Phase 2

The application of the amendments to HKFRSs in the current year has had no material impact on the Group's financial performance and positions for the current and prior years and/or on the disclosures set out in these consolidated financial statements.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2021

3. APPLICATION OF AMENDMENTS TO HKFRSs (Continued)

New and amendments to HKFRSs in issue but not yet effective

The Group has not early applied the following new and amendments to HKFRSs that have been issued but are not yet effective:

HKFRS 17	Insurance Contracts and the related Amendments ³
Amendments to HKFRS 3	Reference to the Conceptual Framework ²
Amendments to HKFRS 10 and HKAS 28	Sale or Contribution of Assets between an Investor and its Associate or Joint Venture ⁴
Amendment to HKFRS 16	Covid-19-Related Rent Concessions beyond 30 June 2021 ¹
Amendments to HKFRSs	Annual Improvements to HKFRSs 2018-2020 ²
Amendments to HKAS 1	Classification of Liabilities as Current or Non-current and related amendments to Hong Kong Interpretation 5 (2020) ³
Amendments to HKAS 1 and HKFRS Practice Statement 2	Disclosure of Accounting Policies ³
Amendments to HKAS 8	Definition of Accounting Estimates ³
Amendments to HKAS 12	Deferred Tax related to Assets and Liabilities arising from a Single Transaction ³
Amendments to HKAS 16	Property, Plant and Equipment – Proceeds before Intended Use ²
Amendments to HKAS 37	Onerous Contracts – Cost of Fulfilling a Contract ²
Accounting Guideline 5 (Revised)	Merger Accounting for Common Control Combinations ²

¹ Effective for annual periods beginning on or after 1 April 2021.

² Effective for annual periods beginning on or after 1 January 2022.

³ Effective for annual periods beginning on or after 1 January 2023.

⁴ Effective for annual periods beginning on or after a date to be determined.

The directors anticipate that application of new and amendments to HKFRSs will have no material impact on the consolidated financial statements in the foreseeable future.

4. SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the preparation of these consolidated financial statements are set out below.

Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company and its subsidiaries. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2021

4. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Basis of consolidation *(Continued)*

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit or loss and other comprehensive income from the date the Group gains control until the date when the Group ceases to control the subsidiary.

Profit or loss and each item of other comprehensive income are attributed to owners of the Company and to non-controlling interests. Total comprehensive income of subsidiaries is attributed to owners of the Company and to non-controlling interests even if this results in non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Non-controlling interests in subsidiaries are presented separately from the Group's equity therein, which represent present ownership interests entitling their holders to a proportionate share of net assets of the relevant subsidiaries upon liquidation.

Goodwill

Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business less accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to each of the Group's cash-generating units (the "CGUs") (or group of CGUs) that is expected to benefit from the synergies of the combination, which represent the lowest level at which the goodwill is monitored for internal management purposes and not larger than an operating segment.

A CGU (or group of CGUs) to which goodwill has been allocated is tested for impairment annually or more frequently when there is indication that the unit may be impaired. For goodwill arising on an acquisition in a reporting period, the CGU (or group of CGUs) to which goodwill has been allocated is tested for impairment before the end of that reporting period. If the recoverable amount is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill and then to the other assets on a pro-rata basis based on the carrying amount of each asset in the unit (or group of CGUs).

On disposal of the relevant CGU or any of the CGU within the group of CGUs, the attributable amount of goodwill is included in the determination of the amount of profit or loss on disposal. When the Group disposes of an operation within the CGU (or a CGU within a group of CGUs), the amount of goodwill disposed of is measured on the basis of the relative values of the operation (or the CGU) disposed of and the portion of the CGU (or the group of CGUs) retained.

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Foreign currency

In preparing the financial statements of each individual group entity, transactions in currencies other than the functional currency of that entity (foreign currencies) are recognised at the rates of exchanges prevailing on the dates of the transactions. At the end of the reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items, and on the retranslation of monetary items, are recognised in profit or loss in the period in which they arise.

For the purposes of presenting the consolidated financial statements, the assets and liabilities of the Group's operations are translated into the presentation currency of the Group (i.e. Hong Kong dollar ("HK\$")) using exchange rates prevailing at the end of each reporting period. Income and expenses items are translated at the average exchange rates for the period, unless exchange rates fluctuate significantly during that period, in which case the exchange rates at the date of transactions are used. Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in equity under the heading of exchange fluctuation reserve (attributed to non-controlling interests as appropriate).

On the disposal of a foreign operation (that is, a disposal of the Group's entire interest in a foreign operation), all of the exchange differences accumulated in equity in respect of that operation attributable to owners of the Company are reclassified to profit or loss.

Property, plant and equipment

Property, plant and equipment are tangible assets that are held for use in the production or supply of goods or services, or for administrative purposes. Property, plant and equipment are stated in the consolidated statement of financial position at cost or revalued amount less subsequent accumulated depreciation and subsequent accumulated impairment losses, if any.

Construction in progress in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Costs include any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

When the Group makes payments for ownership interests of properties which includes both leasehold land and building elements, the entire consideration is allocated between the leasehold land and the building elements in proportion to the relative fair values at initial recognition. To the extent the allocation of the relevant payments can be made reliably, interest in leasehold land is presented as "right-of-use assets" in the consolidated statement of financial position. When the consideration cannot be allocated reliably between non-lease building element and undivided interest in the underlying leasehold land, the entire properties are classified as property, plant and equipment.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2021

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Property, plant and equipment (Continued)

Any revaluation increase arising from revaluation of property, plant and equipment is recognised in other comprehensive income and accumulated in asset revaluation reserve, except to the extent that it reverses a revaluation decrease of the same asset previously recognised in profit or loss, in which case the increase is credited to profit or loss to the extent of the decrease previously charged. A decrease in carrying amount arising on revaluation of property, plant and equipment is recognised in profit or loss to the extent that it exceeds the balance, if any, on the asset revaluation reserve relating to a previous revaluation of that asset. On the subsequent sale or retirement of a revalued asset, the attributable revaluation surplus is transferred to accumulated losses.

Depreciation is recognised to write off their costs or valuation of assets less their residual values over the estimated useful lives, using the straight-line basis. The estimated useful lives, residual values and depreciation method are reviewed at the end of reporting period, with the effect of any changes in estimate accounted for on a prospective basis. The principal annual rates are as follows:

Buildings	2% – 5%
Plant, machinery and office equipment	10% – 33%
Motor vehicles	20%
Furniture and fixtures	10% – 33%

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Lease

Definition of a lease

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

For contracts entered into or modified on or after the date of initial application of HKFRS 16 or arising from business combinations, the Group assesses whether a contract is or contains a lease based on the definition under HKFRS 16 at inception, modification date or acquisition date, as appropriate. Such contract will not be reassessed unless the terms and conditions of the contract are subsequently changed.

The Group as lessee

Allocation of consideration to components of a contract

For a contract that contains a lease component and one or more additional lease or non-lease components, the Group allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components, including contract for acquisition of ownership interests of a property which includes both leasehold land and non-lease building components, unless such allocation cannot be made reliably.

Notes to the Consolidated Financial Statements

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Lease (Continued)

The Group as lessee (Continued)

Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to leases of offices that have a lease term of 12 months or less from the commencement date and do not contain a purchase option. It also applies the recognition exemption for lease of low-value assets. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

Right-of-use assets

The cost of right-of-use assets includes:

- the amount of the initial measurement of the lease liability;
- any lease payments made at or before the commencement date, less any lease incentives received;
- any initial direct costs incurred by the Group; and
- an estimate of costs to be incurred by the Group in dismantling and removing the underlying assets, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease.

Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities.

Right-of-use assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term.

The Group presents right-of-use assets as a separate line item on the consolidated statement of financial position.

Lease liabilities

At the commencement date of a lease, the Group recognises and measures the lease liability at the present value of lease payments that are unpaid at that date. In calculating the present value of lease payments, the Group uses the incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease is not readily determinable.

The lease payments include:

- fixed payments (including in-substance fixed payments) less any lease incentives receivable; and
- payments of penalties for terminating a lease, if the lease term reflects the Group exercising an option to terminate the lease.

Notes to the Consolidated Financial Statements

4. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Lease *(Continued)*

The Group as lessee *(Continued)*

Lease liabilities *(Continued)*

After the commencement date, lease liabilities are adjusted by interest accretion and lease payments.

The Group presents lease liabilities as a separate line item on the consolidated statement of financial position.

Intangible assets

Intangible assets with indefinite useful lives are carried at costs less accumulated impairment losses.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains and losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

Impairment on property, plant and equipment and right-of-use assets other than goodwill

At the end of the reporting period, the Group reviews the carrying amounts of its property, plant and equipment and right-of-use assets to determine whether there is any indication that these assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the relevant asset is estimated in order to determine the extent of the impairment loss (if any).

The recoverable amount of property, plant and equipment and right-of-use assets are estimated individually. When it is not possible to estimate the recoverable amount individually, the Group estimates the recoverable amount of the CGU to which the asset belongs.

In testing a CGU for impairment, corporate assets are allocated to the relevant CGU when a reasonable and consistent basis of allocation can be established, or otherwise they are allocated to the smallest group of CGUs for which a reasonable and consistent allocation basis can be established. The recoverable amount is determined for the CGU or group of CGUs to which the corporate asset belongs, and is compared with the carrying amount of the relevant CGU or group of CGUs.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2021

4. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Impairment on property, plant and equipment and right-of-use assets other than goodwill

(Continued)

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset (or a CGU) for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or a CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or a CGU) is reduced to its recoverable amount. For corporate assets or portion of corporate assets which cannot be allocated on a reasonable and consistent basis to a CGU, the Group compares the carrying amount of a group of CGUs, including the carrying amounts of the corporate assets or portion of corporate assets allocated to that group of CGUs, with the recoverable amount of the group of CGUs. In allocating the impairment loss, the impairment loss is allocated first to reduce the carrying amount of any goodwill (if applicable) and then to the other assets on a pro-rata basis based on the carrying amount of each asset in the unit or the group of CGUs. The carrying amount of an asset is not reduced below the highest of its fair value less costs of disposal (if measurable), its value in use (if determinable) and zero. The amount of the impairment loss that would otherwise have been allocated to the asset is allocated pro rata to the other assets of the unit or the group of CGUs. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount under another standard, in which case the impairment loss is treated as a revaluation decrease under that standard.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or CGU or a group of CGUs) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or a CGU or a group of CGUs) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount under another standard, in which case the reversal of the impairment loss is treated as a revaluation increase under that standard.

Inventories

Inventories are stated at the lower of cost and net realisable value. Costs of inventories are determined on a weighted average method. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

Notes to the Consolidated Financial Statements

4. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Financial instruments

Financial assets and financial liabilities are recognised when a group entity becomes a party to the contractual provisions of the instrument. All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

Financial assets and financial liabilities are initially measured at fair value except for trade receivables arising from contracts with customers which are initially measured in accordance with HKFRS 15. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets at fair value through profit or loss (“**FVTPL**”)) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets at FVTPL are recognised immediately in profit or loss.

The effective interest method is a method of calculating the amortised cost of a financial asset or financial liability and of allocating interest income and interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts and payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial asset or financial liability, or, where appropriate, a shorter period, to the carrying amount on initial recognition.

Financial assets

Classification and subsequent measurement of financial assets

Financial assets that meet the following conditions are subsequently measured at amortised cost:

- the financial asset is held within a business model whose objective is to collect contractual cash flows; and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2021

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial instruments (Continued)

Financial assets (Continued)

Classification and subsequent measurement of financial assets (Continued)

All other financial assets are subsequently measured at FVTPL, except that at initial recognition of a financial asset the Group may irrevocably elect to present subsequent changes in fair value of an equity investment in other comprehensive income if that equity investment is neither held for trading nor contingent consideration recognised by an acquirer in a business combination to which HKFRS 3 *Business Combinations* applies.

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling in the near term; or
- on initial recognition it is a part of a portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

(i) Amortised cost and interest income

Interest income is recognised using the effective interest method for financial assets measured subsequently at amortised cost. For financial instruments other than purchased or originated credit-impaired financial assets, interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset, except for financial assets that have subsequently become credit-impaired. For financial assets that have subsequently become credit-impaired, interest income is recognised by applying the effective interest rate to the amortised cost of the financial asset from the next reporting period. If the credit risk on the credit-impaired financial instrument improves so that the financial asset is no longer credit-impaired, interest income is recognised by applying the effective interest rate to the gross carrying amount of the financial asset from the beginning of the reporting period following the determination that the asset is no longer credit-impaired.

(ii) Financial assets at FVTPL

Financial assets that do not meet the criteria for being measured at amortised cost or fair value through other comprehensive income (“**FVTOCI**”) or designated as FVTOCI are measured at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any fair value gains or losses recognised in profit or loss. The net gain or loss recognised in profit or loss excludes any dividend or interest earned on the financial asset and is included in the “other gains and losses, net” line item.

Impairment of financial assets

The Group performs impairment assessment under expected credit loss (“**ECL**”) model on financial assets (including trade, bill and loan receivables, deposits and other receivables, restricted bank deposits and cash and cash equivalents). The amount of ECL is updated at the end of each reporting period to reflect changes in credit risk since initial recognition.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2021

4. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Financial instruments *(Continued)*

Impairment of financial assets *(Continued)*

Lifetime ECL represents the ECL that will result from all possible default events over the expected life of the relevant instrument. In contrast, 12-month ECL ("**12m ECL**") represents the portion of lifetime ECL that is expected to result from default events that are possible within 12 months after the reporting date. Assessments are done based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current conditions at the end of the reporting period as well as the forecast of future conditions.

The Group always recognises lifetime ECL for trade and bill receivables without significant financing component.

For all other instruments, the Group measures the loss allowance equal to 12m ECL, unless there has been a significant increase in credit risk since initial recognition, in which case the Group recognises lifetime ECL. The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition.

(i) Significant increase in credit risk

In assessing whether the credit risk has increased significantly since initial recognition, the Group compares the risk of a default occurring on the financial instrument as at the end of the reporting period with the risk of a default occurring on the financial instrument as at the date of initial recognition. In making this assessment, the Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort.

In particular, the following information is taken into account when assessing whether credit risk has increased significantly:

- an actual or expected significant deterioration in the financial instrument's external (if available) or internal credit rating;
- significant deterioration in external market indicators of credit risk, e.g. a significant increase in the credit spread, the credit default swap prices for the debtor;
- existing or forecast adverse changes in business, financial or economic conditions that are expected to cause a significant decrease in the debtor's ability to meet its debt obligations;
- an actual or expected significant deterioration in the operating results of the debtor;
- an actual or expected significant adverse change in the regulatory, economic, or technological environment of the debtor that results in a significant decrease in the debtor's ability to meet its debt obligations.

Irrespective of the outcome of the above assessment, the Group presumes that the credit risk has increased significantly since initial recognition when contractual payments are more than 30 days past due, unless the Group has reasonable and supportable information that demonstrates otherwise.

The Group regularly monitors the effectiveness of the criteria used to identify whether there has been a significant increase in credit risk and revises them as appropriate to ensure that the criteria are capable of identifying significant increase in credit risk before the amount becomes past due.

Notes to the Consolidated Financial Statements

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial instruments (Continued)

Impairment of financial assets (Continued)

(ii) Definition of default

For internal credit risk management, the Group considers an event of default occurs when information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Group, in full (without taking into account any collaterals held by the Group).

Irrespective of the above, the Group considers that default has occurred when a financial asset is more than 90 days past due unless the Group has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

(iii) Credit-impaired financial assets

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired includes observable data about the following events:

- (a) significant financial difficulty of the issuer or the borrower;
- (b) a breach of contract, such as a default or past due event;
- (c) the lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider;
- (d) it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation; or
- (e) the disappearance of an active market for that financial asset because of financial difficulties.

(iv) Write-off policy

The Group writes off a financial asset when there is information indicating that the counterparty is in severe financial difficulty and there is no realistic prospect of recovery, for example, when the counterparty has been dissolved. Financial assets written off may still be subject to enforcement activities under the Group's recovery procedures, taking into account legal advice where appropriate. A write-off constitutes a derecognition event. Any subsequent recoveries are recognised in profit or loss.

4. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Financial instruments *(Continued)*

Impairment of financial assets *(Continued)*

(v) *Measurement and recognition of ECL*

The measurement of ECL is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data and forward-looking information. Estimation of ECL reflects an unbiased and probability-weighted amount that is determined with the respective risks of default occurring as the weights. The Group uses a practical expedient in estimating ECL on trade and bill receivables by using a provision matrix taking into consideration historical credit loss experience and forward-looking information that is available without undue cost or effort.

Generally, the ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and the cash flows that the Group expects to receive, discounted at the effective interest rate determined at initial recognition.

Lifetime ECL for certain trade and bill receivables are considered on a collective basis taking into consideration past due information and relevant credit information such as forward-looking macroeconomic information.

For collective assessment, the Group takes into consideration the following characteristics when formulating the grouping:

- Past-due status;
- Nature, size and industry of debtors; and
- External credit ratings where available.

The grouping is regularly reviewed by management to ensure the constituents of each group continue to share similar credit risk characteristics.

Interest income is calculated based on the gross carrying amount of the financial asset unless the financial asset is credit-impaired, in which case interest income is calculated based on amortised cost of the financial asset.

The Group recognises an impairment gain or loss in profit or loss for all financial instruments by adjusting their carrying amount, with the exception of trade and bill receivables where the corresponding adjustment is recognised through a loss allowance account.

Derecognition of financial assets

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2021

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial instruments (Continued)

Financial liabilities and equity

Classification as debt or equity

Debt and equity instruments are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Financial liabilities at amortised cost

Financial liabilities including trade payables, accruals and other payables, amounts due to non-controlling interests, amount due to a shareholder and interest-bearing borrowings are subsequently measured at amortised cost, using the effective interest method.

Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

Cash and cash equivalents

Cash and cash equivalents in the consolidated statement of financial position comprise cash at bank and on hand and short-term deposits with a maturity of three months or less. For the purpose of the consolidated statement of cash flows, cash and cash equivalents consist of bank balances and cash as defined above.

Borrowing cost

All borrowing costs are recognised in profit or loss in the period in which they are incurred.

Revenue from contracts with customers

The Group recognises revenue when (or as) a performance obligation is satisfied, i.e. when "control" of the goods underlying the particular performance obligation is transferred to the customer.

A performance obligation represents a good (or a bundle of goods) that is distinct or a series of distinct goods that are substantially the same.

Control is transferred over time and revenue is recognised over time by reference to the progress towards complete satisfaction of the relevant performance obligation if one of the following criteria is met:

- the customer simultaneously receives and consumes the benefits provided by the Group's performance as the Group performs;
- the Group's performance creates or enhances an asset that the customer controls as the Group performs; or
- the Group's performance does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2021

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Revenue from contracts with customers (Continued)

Otherwise, revenue is recognised at a point in time when the customer obtains control of the distinct good.

A contract liability represents the Group's obligation to transfer goods to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer.

Sale with a right of return/exchange

For a sale of products with a right of return/exchange for dissimilar products, the Group recognises all of the following:

- (a) revenue for the transferred products in the amount of consideration to which the Group expects to be entitled (therefore, revenue would not be recognised for the products expected to be returned/exchanged);
- (b) a refund liability/contract liability; and
- (c) an asset (and corresponding adjustment to cost of sales) for its right to recover products from customers and are presented as right to returned goods asset.

Government grants

Government grants are not recognised until there is reasonable assurance that the Group will comply with the conditions attaching to them and the grants will be received.

Government grants relate to income that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognised in profit or loss in the period in which they become receivable. Such grants are presented under "other income".

Employee benefits

Retirement benefit obligations

Payments to the Mandatory Provident Fund Scheme (the "MPF Scheme") and state-managed retirement benefit schemes are recognised as an expense when employees have rendered service entitling them to the contributions.

The Group contributes to a defined contribution Mandatory Provident Fund retirement benefits scheme (the "MPF Scheme") under the Mandatory Provident Fund Scheme Ordinance for all employees in Hong Kong. Contributions are made based on a percentage of the employees' relevant income and are charged to profit or loss as they become payable in accordance with the rules of the MPF Scheme. The assets of the MPF Scheme are held separately from those of the Group in an independently administered fund. The Group's employer contributions vest fully with the employees when contributed in the MPF Scheme. Under the MPF Scheme, the employer and its employees are each required to make contribution to the MPF Scheme at 5% of the employees' relevant income subject to a cap of monthly relevant income of HK\$30,000. Contributions to the MPF Scheme vest immediately.

The employees of the Company's subsidiaries which operate in the People's Republic of China (the "PRC") are required to participate in a central pension scheme operated by the local municipal government. These subsidiaries are required to contribute a certain percentage of its payroll costs to the central pension scheme. The contributions are charged to profit or loss as they become payable in accordance with the rules of the central pension scheme. The Group's employer contributions vest fully with the employees when contributed in the central pension scheme.

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Employee benefits (Continued)

Short-term and other long-term employee benefits

Short-term employee benefits are recognised at the undiscounted amount of the benefits expected to be paid as and when employees rendered the services. All short-term employee benefits are recognised as an expense unless another HKFRS requires or permits the inclusion of the benefit in the cost of an asset.

A liability is recognised for benefits accruing to employees (such as wages and salaries, annual leave and sick leave) after deducting any amount already paid.

Employee long service payment

The provision for long service is provided based on the employees' basic salaries and their respective length of service in accordance with the applicable rules and regulations in their respective countries of employment.

Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from "loss before tax" because of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than goodwill) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rate (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2021

4. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Taxation *(Continued)*

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied to the same taxable entity by the same taxation authority.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

Provision

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle that obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (where the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Contingent liabilities and contingent assets

Contingent assets

Contingent assets arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits to the Group and they are not recognised in the consolidated financial statements. The Group assesses continually the development of contingent assets. If it has become virtually certain that an inflow of economic benefits will arise, the Group recognises the asset and the related income in the consolidated financial statements in the reporting period in which the change occurs.

Contingent liabilities

A contingent liability is a present obligation arising from past events but is not recognised because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability.

Where the Group is jointly and severally liable for an obligation, the part of the obligation that is expected to be met by other parties is treated as a contingent liability and it is not recognised in the consolidated financial statements.

The Group assesses continually to determine whether an outflow of resources embodying economic benefits has become probable. If it becomes probable that an outflow of future economic benefits will be required for an item previously dealt with as a contingent liability, a provision is recognised in the consolidated financial statements in the reporting period in which the change in probability occurs, except in the extremely rare circumstances where no reliable estimate can be made.

4. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Segment reporting

Operating segments, and the amounts of each segment item reported in the consolidated financial statements, are identified from the financial information provided regularly to the Group's most senior executive management for the purposes of allocating resources to, and assessing the performance of, the Group's various lines of business and geographical locations.

Individually material operating segments are not aggregated for financial reporting purposes unless the segments have similar economic characteristics and are similar in respect of the nature of products and services, the nature of production processes, the type or class of customers, the methods used to distribute the products or provide the services, and the nature of the regulatory environment. Operating segments which are not individually material may be aggregated if they share a majority of these criteria.

Related party

A party is considered to be related to the Group if:

- (a) A person, or a close member of that person's family, is related to the Group if that person:
 - (i) has control or joint control over the Group;
 - (ii) has significant influence over the Group; or
 - (iii) is a member of key management personnel of the Group or a parent of the Group.
- (b) An entity is related to the Group if any of the following conditions applies:
 - (i) the entity and the Group are the members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
 - (ii) one entity is an associate or joint venture of another entity (or of an associate or joint venture of a member of a group of which the other entity is a member).
 - (iii) both entities are joint ventures of the same third party.
 - (iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity.
 - (v) the entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group.
 - (vi) the entity is controlled or jointly controlled by a person identified in (i).
 - (vii) a person is identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of the parent of the entity).
 - (viii) the entity, or any member of the Group of which it is a part, provides key management personnel services to the Group or to the Group's parent.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2021

4. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Related party *(Continued)*

Close family members of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity.

A transaction is considered to be a related party transaction when there is a transfer of resources or obligations between related parties.

5. KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Group's accounting policies, which are described in note 4 to the consolidated financial statements, the directors are required to make judgments, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and underlying assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The followings are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

Estimated impairment of goodwill

Determining whether goodwill is impaired requires an estimation of the recoverable amount of the CGU (or group of CGUs) to which goodwill has been allocated, which is the higher of the value in use or fair value less costs of disposal. The value in use calculation requires the Group to estimate the future cash flows expected to arise from the CGU (or a group of CGUs) and a suitable discount rate in order to calculate the present value. Where the actual future cash flows are less than expected, or change in facts and circumstances which results in downward revision of future cash flows or upward revision of discount rate, a material impairment loss or further impairment loss may arise.

Assessment of economic useful lives of property, plant and equipment and right-of-use assets

Property, plant and equipment and right-of-use assets are depreciated over their economic useful lives. The assessment of estimated useful life is a matter of judgment based on the experience of the Group, taking into account factors such as technological progress, changes in market demand, expected usage and physical wear and tear. Useful lives are periodically reviewed for continued appropriateness. Due to long life of assets, changes to the estimates used can result in variations in their carrying amounts.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2021

5. KEY SOURCES OF ESTIMATION UNCERTAINTY (Continued)

Estimated impairment of property, plant and equipment and right-of-use assets

Property, plant and equipment and right-of-use assets are stated at costs less accumulated depreciation and accumulated impairment losses, if any. In determining whether an asset is impaired, the Group has to exercise judgment and make estimation, particularly in assessing: (1) whether an event has occurred or any indicators that may affect the asset value; (2) whether the carrying amount of an asset can be supported by the recoverable amount, in the case of value in use, the net present value of future cash flows which are estimated based upon the continued use of the asset; and (3) the appropriate key assumptions to be applied in estimating the recoverable amounts including cash flow projections and an appropriate discount rate. When it is not possible to estimate the recoverable amount of an individual asset (including right-of-use assets), the Group estimates the recoverable amount of the CGU to which the assets belongs. Changing the assumptions and estimates, including the discount rates or the growth rate in the cash flow projections, could materially affect the net present value used in the impairment test.

Fair value measurement of property, plant and equipment

As at 31 December 2021, certain of the Group's property, plant and equipment amounting to approximately HK\$116,213,000 (2020: HK\$128,697,000) are measured at fair value with fair value being determined based on significant unobservable inputs using valuation techniques. Judgment and estimation are required in establishing the relevant valuation techniques and the relevant inputs thereof. Changes in assumptions relating to these factors could result in material adjustments to the fair value. See note 6 for further disclosures.

Provision of ECL for trade, bill and loan receivables and deposits and other receivables

Trade, bill and loan receivables with significant balances or credit-impaired and deposits and other receivables are assessed for ECL individually.

In addition, the Group uses practical expedient in estimating ECL on trade and bill receivables which are not assessed individually using a provision matrix. The provision rates are based on aging of debtors as groupings of various debtors taking into consideration the Group's historical default rates and forward-looking information that is reasonable and supportable available without undue costs or effort. At the end of each reporting period, the historical observed default rates are reassessed and changes in the forward-looking information are considered.

The provision of ECL is sensitive to changes in estimates. The information about the ECL and the Group's financial assets measured at amortised cost are disclosed in note 41 to the consolidated financial statements.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2021

6. FAIR VALUE MEASUREMENTS

In estimating the fair value, the Group uses market-observable data to the extent it is available. Where Level 1 inputs are not available, the Group engages independent qualified valuers to perform the valuation. The management works closely with the qualified external valuers to establish the appropriate valuation techniques and inputs to the model. The management reports the findings to the directors at the end of each reporting period to explain the cause of fluctuations in fair value of the asset.

The Group's policy is to recognise transfers into and out of fair value hierarchy levels as of the date of the events or change in circumstances that caused the transfer.

There were no transfers between level 1 and level 2, or transfers into or out of level 3 for both years.

(a) Disclosures of level in fair value hierarchy:

	As at 31 December 2021			
	Level 1 HK\$'000	Level 2 HK\$'000	Level 3 HK\$'000	Total HK\$'000

6. FAIR VALUE MEASUREMENTS (Continued)

(b) Reconciliation of assets measured at fair value based on level 3:

The following table analyses the fair value measurement of buildings, plant, machinery and office equipment and motor vehicles using significant unobservable inputs:

	Buildings HK\$'000	Plant, machinery and office equipment HK\$'000	Motor vehicles HK\$'000	Total HK\$'000
As at 1 January 2020	43,794	55,151	2,070	101,015
Additions	–	13,041	223	13,264
Disposals	–	(1)	(22)	(23)
Gain on revaluation	12,530	5,994	185	18,709
Depreciation provided during the year	(2,192)	(12,987)	(385)	(15,564)
Exchange realignment	3,513	7,676	107	11,296
As at 31 December 2020 and as at 1 January 2021	57,645	68,874	2,178	128,697
Additions	–	8,958	716	9,674
Disposals	(2,135)	(355)	(329)	(2,819)
Gain/(loss) on revaluation	4,494	(4,846)	(538)	(890)
Depreciation provided during the year	(2,721)	(18,459)	(310)	(21,490)
Exchange realignment	1,901	1,083	57	3,041
As at 31 December 2021	59,184	55,255	1,774	116,213

The revaluation gain or loss of buildings, plant, machinery and office equipment and motor vehicles are recognised as changes in asset revaluation reserve.

In estimating the fair value of buildings, plant, machinery and office equipment and motor vehicles, the highest and best use of buildings, plant, machinery and office equipment and motor vehicles is their current use.

Details of the Group's property, plant and equipment and information about the fair value hierarchy as at the end of the reporting period are as follows:

	2021		2020	
	Carrying amounts HK\$'000	Fair value at Level 3 hierarchy HK\$'000	Carrying amounts HK\$'000	Fair value at Level 3 hierarchy HK\$'000

Plant, machinery and office equipment	54,420	55,255	59,499	68,874
Motor vehicles	1,548	1,774	1,510	2,178

Notes to the Consolidated Financial Statements

For the year ended 31 December 2021

6. FAIR VALUE MEASUREMENTS (Continued)

- (c) Disclosure of valuation process used by the Group and valuation techniques and inputs used in fair value measurements:

The Group's buildings, plant, machinery and office equipment and motor vehicles was valued as at 31 December 2021 and 31 December 2020 by LCH (Asia-Pacific) Surveyors Limited ("LCH"), independent valuers not connected to the Group.

The fair value of the assets was determined based on depreciated replacement cost method or comparison method that reflects recent transaction prices for similar assets, adjusted for differences in the nature, location and condition of the assets. These has been no change to the valuation technique for both years.

Details of the Group's buildings, plant, machinery and office equipment and motor vehicles about the fair value hierarchy as at the end of the reporting period are as follows:

Property, plant and equipment	Location	Valuation technique	Significant unobservable inputs	Range of unobservable inputs	Relationship of unobservable inputs to fair value
Buildings	PRC	Depreciated replacement cost method	Average construction cost	RMB1,800 to 2,300 (2020: RMB1,700 to 2,220) per square meter	The higher the average construction cost, the higher the fair value.
			Replacement cost rates	64% to 83% (2020: 68% to 86%)	The higher the replacement cost rates, the higher the fair value.
Plant, machinery and office equipment	PRC and Hong Kong	Depreciated replacement cost method	Replacement cost rates	10% to 90% (2020: 4% to 94%)	The higher the replacement cost rates, the higher the fair value.
Motor vehicles	PRC and Hong Kong	Comparison method	Second hand market price	HK\$300,000 to HK\$400,000 (2020: HK\$460 to HK\$428,000)	The higher the second hand market price, the higher the fair value.

- (d) Fair value of financial assets and liabilities that are not measured at fair value on a recurring basis

The directors consider that the carrying amounts of financial assets and financial liabilities recognised in the consolidated financial statements approximate their fair values.

7. OPERATING SEGMENT INFORMATION

The Group determines its operating segments based on the reports reviewed by the executive directors, being the chief operating decision maker (the “**CODM**”), for the purpose of monitoring segment performance and allocating resources between segments and that are used to make strategic decisions.

The Group has one (2020: two) reportable segment during the year ended 31 December 2021. The reportable segments are based on the information about the operations of the Group that management uses to make decisions.

The Group’s reportable segments are strategic business units that operate different activities. They are managed separately because each business has different markets and requires different marketing strategies. Particulars of the Group’s reportable segments for continuing and discontinued operations are summarised as follows:

Continuing operation

Sales and manufacturing and pre-stressed high strength concrete pile, ready-mixed concrete, autoclaved sand-lime bricks, aerated concrete products and eco-concrete products and related processing income (the “**PHC piles and other products**”)

Discontinued operation

Money lending business (the “**Financial Services**”)

The Group engaged in the Financial Services operation, for which the board of directors decided not to renew the License upon expiration on 11 February 2020, that was discontinued accordingly. Details of the discontinued operation is set out in note 16. Thereafter, the CODM considered the Group has only one reporting and operating segment under HKFRS 8 *Operating Segments*, thus no segment information is presented.

Since all of the Group’s revenue were derived from the PRC and over 90% of the Group’s non-current assets (excluded deferred tax assets) were located in the PRC for both years, no geographical segment information in accordance with HKFRS 8 is presented.

Information about major customer

Revenue from customers contributing over 10% of the total revenue of the Group is as follows:

	2021 HK\$'000	2020 HK\$'000
Customer A	56,839	46,756

Except for the above disclosure, no other customers contributed 10% or more to the Group’s revenue for both years.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2021

8. REVENUE

	2021 HK\$'000	2020 HK\$'000
Continuing operation		
Revenue from contracts with customers recognised at a point in time:		
Sales of PHC piles and other products	515,907	384,960

Sales of PHC piles and other products

The Group manufactures and sells PHC pipes and other products to the customers. Sales are recognised when control of the products has transferred, being when the products are delivered to a customer, there is no unfulfilled obligation that could affect the customer's acceptance of the products and the customer has obtained legal titles to the products. Transportation and handling activities that occur before customers obtain control are considered as fulfilment activities.

The products sold to customers are returnable to the Group within a reasonable period from receipt date, normally two days upon discovery of faulty products. Revenue from the sales is recognised based on the prices specified in the contracts, without netting of the estimated sales return due to extremely low return rate from past records.

Sales to customers are normally made with credit terms of one to three months from date of billing, except for certain well-established customers, where the term is extended to six months. For new customers, deposits or cash on delivery may be required. Deposits received are recognised as contract liabilities.

A receivable is recognised when the products are delivered to the customers as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

Transaction allocated to the remaining performance obligation for contracts with customers

The Group has applied the practical expedient in paragraph 121 of HKFRS 15 to its sales contract for PHC piles and other products such that the Group does not disclose information about revenue that the Group will be entitled to when it satisfies the remaining performance obligations under the sales contract that had an original expected duration of one year or less.

Notes to the Consolidated Financial Statements

9. OTHER INCOME

	2021 HK\$'000	2020 HK\$'000
Continuing operation		
Bank interest income	22	65
Compensation income	1,574	1,435
Government grants	–	461
Over-provision of long service payment	15	–
Sundry income	174	464
	1,785	2,425

During the year ended 31 December 2020, the Group recognised government grants of HK\$461,000 in respect of Covid-19-related subsidies which relates to Employment Support Scheme provided by the Hong Kong government and subsidies provided by the PRC local government as a support. There were no unfulfilled conditions or contingencies relating to these government grants.

10. OTHER GAINS AND LOSSES, NET

	2021 HK\$'000	2020 HK\$'000
Continuing operation		
Exchange loss, net	(93)	(221)
Realised gain/(loss) arising on change in fair value of financial assets at fair value through profit or loss	14,367	(2,841)

The executive directors' emoluments shown above were for their services in connection with the management of the affairs of the Company and the Group.

The non-executive director's and the independent non-executive directors' emoluments shown above were for their services as the directors of the Company.

No significant transactions, arrangements and contracts in relation to the Group's business to which the Company or any subsidiaries of the Company was a party and in which a director had a material interest, whether directly or indirectly, subsisted at the end of the reporting period or at any time during the year.

13. DIRECTORS' REMUNERATION AND FIVE HIGHEST PAID INDIVIDUALS (Continued)

(b) Five highest paid individuals

The five highest paid individuals in the Group during the year included three (2020: three) directors (including Mr. Li who resigned on 27 August 2021), details of whose remuneration are set out above. Details of remuneration of the remaining two (2020: two) highest paid individual(s) (who are not a director of the Company as at 31 December 2021) are as follows:

	2021 HK\$'000	2020 HK\$'000
Salaries, allowances and benefits in kind	1,220	1,335
Discretionary bonus	94	50
Retirement benefits scheme contributions	33	50
	1,347	1,435

The remuneration of the remaining highest paid individual(s) fell within the band of below HK\$1,000,000 (2020: below HK\$1,000,000).

During the year, no emoluments were paid by the Group to any of the directors or the highest paid individuals as an inducement to join or upon joining the Group, or as compensation for loss of office. None of the directors or five highest paid individuals waived or agreed to waive any emoluments for both years.

(c) Senior management remuneration by band

The remuneration of senior management, excluding directors, is within the following band:

	Number of individuals	
	2021	2020
Nil – HK\$1,000,000	4	4

14. INCOME TAX EXPENSE/(CREDIT)

Income tax expense/(credit)	8,358	(2,886)

Notes to the Consolidated Financial Statements

For the year ended 31 December 2021

14. INCOME TAX EXPENSE/(CREDIT) (Continued)

On 21 March 2018, the Hong Kong Legislative Council passed The Inland Revenue (Amendment) (No. 7) Bill 2017 (the "Bill") which introduces the two-tiered profits tax rates regime. The Bill was signed into law on 28 March 2018 and was gazetted on the following day. Under the two-tiered profits tax rates regime, the first HK\$2 million of profits of the qualifying group entity will be taxed at 8.25%, and profits above HK\$2 million will be taxed at 16.5%. The profits of group entities not qualifying for the two-tiered profits tax rates regime will continue to be taxed at a flat rate of 16.5%.

Accordingly, starting from current year, the Hong Kong Profits Tax is calculated at 8.25% on the first HK\$2 million of the estimated assessable profits and 16.5% on the estimated assessable profits above HK\$2 million.

The directors considered the amount involved upon implementation of the two-tiered profits tax rates regime as insignificant to the consolidated financial statements for the year ended 31 December 2020. Hong Kong Profits Tax is calculated at 16.5% of the estimated assessable profit for the year ended 31 December 2020.

No provision for Hong Kong Profits Tax has been made for the year ended 31 December 2020 as the Group has no assessable profits arising in Hong Kong or taxable profits were wholly absorbed by estimated tax losses brought forward.

The PRC subsidiaries are subject to the PRC Enterprise Income Tax at 25% for both years.

A reconciliation of income tax expense/(credit) and loss before tax is as follows:

	2021 HK\$'000	2020 HK\$'000
Continuing operation		
Loss before tax	(19,766)	(21,956)
Notional tax on loss before tax, calculated at the applicable tax rates in respective jurisdictions	(3,622)	(4,193)
Tax effect of expense not deductible for tax purpose	14,183	1,864
Tax effect of income not taxable for tax purpose	(1,368)	(1,726)
Tax relief of 8.25% on first HK\$2 million assessable profit	(165)	–
One-off tax reduction of Hong Kong Profits Tax by Inland Revenue Department	(10)	–
Tax effect of estimated tax losses not recognised	322	1,137
Utilisation of tax losses previously not recognised	(982)	–
Under-provision in prior years	–	32
Income tax expense/(credit)	8,358	(2,886)

15. DIVIDENDS

No final dividend was paid or proposed during the year ended 31 December 2021 (2020: Nil), nor any dividend has been proposed by the board of directors subsequent to the end of the reporting period.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2021

16. DISCONTINUED OPERATION

On 11 February 2020, being the date of expiration of the License, the board of directors decided not to renew the License. The non-renewal of the License is consistent with the Group's long-term policy to focus its activities on the Group's other business. As a result of the expiration of the License, the board of directors is in the opinion that the Financial Services operation should be classified as the discontinued operation.

The result of the discontinued operation for the period, which has been included in the consolidated statement of profit or loss, was as follows:

	Period from 1 January 2020 to respective date of termination of the License HK\$'000
Revenue	6
Other income	159
Other gains and losses, net	(1,556)
Administrative expenses	(53)
<hr/>	
Loss before tax	(1,444)
Income tax expense	–
<hr/>	
Loss for the period from discontinued operation attributable to owners of the Company	(1,444)

Loss for the period from discontinued operation has been arrived at after charging:

	Period from 1 January 2020 to respective date of termination of the License HK\$'000
Depreciation of property, plant and equipment	15
Impairment loss recognised under expected credit loss model, net of reversal:	
– deposits and other receivables	45
Loss on deregistration of subsidiaries	1,511

Notes to the Consolidated Financial Statements

For the year ended 31 December 2021

16. DISCONTINUED OPERATION (Continued)

Cash flows of the discontinued operation for the period were as follows:

	Period from 1 January 2020 to respective date of termination of the License HK\$'000
Net cash generated from operating activities	631
Net cash used in financing activities	(653)
Net cash outflow	(22)

17. LOSS PER SHARE

From continuing and discontinued operations

The calculation of basic and diluted loss per share from continuing and discontinued operations attributable to owners of the Company is based on the following data:

	2021 HK\$'000	2020 HK\$'000
Loss:		
Loss for the purpose of basic and diluted loss per share (loss for the year attributable to owners of the Company)	(24,744)	(18,827)
	2021 '000	2020 '000
Number of shares:		
Weighted average number of ordinary shares for the purpose of calculating basis and diluted loss per share	179,600	172,350

As the Company's outstanding convertible notes where applicable had an anti-dilutive effect to the basic loss per share calculation, the exercise of the above potential dilutive shares is not assumed in the calculation of diluted loss per share for both years.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2021

17. LOSS PER SHARE (Continued)

From continuing operation

The calculation of basic and diluted loss per share from continuing operation attributable to owners of the Company is based on the following data:

	2021 HK\$'000	2020 HK\$'000
Loss:		
Loss for the purpose of basic and diluted loss per share (loss for the year from continuing operation attributable to owners of the Company)	(24,744)	(17,383)

The weighted average number of ordinary shares used herein are the same as those detailed above for the purpose of basic and diluted loss per share from continuing and discontinued operations respectively.

From discontinued operation

The calculation of basic and diluted loss per share from discontinued operation attributable to owners of the Company are based on the following data:

	Period from 1 January 2020 to respective date of termination of the License HK\$'000
Loss:	
Loss for the purpose of basic and diluted loss per share (loss for the period from discontinued operation attributable to owners of the Company)	(1,444)

The weighted average number of ordinary shares used herein are the same as those detailed above for the purpose of basic and diluted loss per share from continuing and discontinued operations respectively.

Total cash outflow for leases	3,072	5,119
Additions to right-of-use assets	2,510	–

The Group leases various staff dormitory (2020: office) for its operations. Lease agreements are typically made for fixed period of 10 years (2020: two to three years). Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. In determining the lease term and assessing the length of the non-cancellable period, the Group applies the definition of a contract and determines the period for which the contract is enforceable. The lease agreements do not impose any covenants and the leased assets may not be used as security for borrowing purposes.

The carrying amounts of the leasehold land is located in the PRC under the medium-term lease where its manufacturing facilities are primarily located and office buildings. The Group is the registered owner of these leasehold land. Lump sum payments were made upfront to acquire these property interests from their previous owners, and there are no longer payments to be made under the term of the land lease, other than payments based on rateable values set by the relevant government authorities. These payments vary from time to time and are payable to the relevant government authorities. The leasehold land components of these owned properties are presented separately only if the payment can be allocated reliably.

In addition to the portfolio of short-term leases for office which are regularly entered into by the Group, the Group entered into short-term leases for office during the year ended 31 December 2021. As at 31 December 2021, the outstanding lease commitments relating to short-term leases is HK\$80,000 (2020: nil).

As at 31 December 2021, leasehold land with carrying amounts of HK\$21,141,000 (2020: HK\$21,048,000) were pledged to secure banking facilities granted to the Group (note 32). Leased properties may not be used as security for borrowing purposes.

21. GOODWILL

For the purpose of impairment testing, goodwill has been allocated to two CGUs, comprising a subsidiary in financial services and a subsidiary in PHC piles and other products businesses. The carrying amounts of goodwill as at 31 December 2021 and 2020 allocated to these units are as follows:

	Financial services HK\$'000	PHC piles and other products HK\$'000	Total HK\$'000
Cost			
As at 1 January 2020	1,041	84,421	85,462

Carrying amounts			
As at 31 December 2021	–	19,941	19,941
As at 31 December 2020	–	19,941	19,941

The basis of the recoverable amounts of the above CGUs and their major underlying assumptions are summarised below:

PHC piles and other products

The recoverable amount of this unit has been determined based on a value in use calculation. That calculation uses cash flow projections based on financial budgets approved by management covering a five-year period and discount rate of 17% (2020: 16%) and cash flow beyond the five-year period are extrapolated using a steady 2% (2020: 2%) growth rate. This growth rate is based on the relevant industry growth forecasts and does not exceed the average long-term growth rate for the relevant industry. Other key assumptions for the value in use calculations relate to the estimation of cash inflows/outflows which include budgeted sales and gross margin, such estimation is based on the unit's past performance and management's expectations for the market development.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2021

21. GOODWILL (Continued) PHC piles and other products (Continued)

During the year ended 31 December 2021, management of the Group determines that there is no impairment (2020: no impairment) on the CGU of PHC piles and other products with reference to valuation performed by LCH. Management believes that any reasonably possible change in any of these assumptions would not cause the carrying amount of goodwill to exceed the recoverable amount. If the discount rate was changed to 22%, while other parameters remain constant, the recoverable amount of the CGU of PHC piles and other products would be reduced to approximately HK\$170,000,000 and an impairment of approximately HK\$8,197,000 would be recognised for the year ended 31 December 2021. If the budgeted sales covering five-year period were reduced by 5%, while other parameters remain constant, the carrying amounts of the CGU of PHC piles and other products would not exceed the recoverable amount.

Management believes that any reasonably possible change in any of these assumptions would not cause the carrying amounts of the CGU of PHC piles and other products to exceed the recoverable amount as at 31 December 2020.

As at 1 January 2020, trade receivables arising from contracts with customers (before allowance for credit losses) amounted to approximately HK\$143,282,000.

As at 31 December 2021, trade and bill receivables (net of allowance for credit losses) denominated in Renminbi ("RMB") are approximately HK\$249,005,000 (2020: HK\$139,366,000).

Notes to the Consolidated Financial Statements

For the year ended 31 December 2021

23. TRADE, BILL AND LOAN RECEIVABLES (Continued)

The Group's trading terms with its customers are mainly on credit except for new customers, where payment in advance is normally required. For trade receivables resulted from sales of PHC piles and other products, the credit period is generally one to three months from the date of billing, except for certain well-established customers, where the term is extended to six months. For loan receivables, the loan period is generally twelve months from the date of inception or renewal. The Group seeks to maintain strict control over its receivables to minimise credit risk.

Loan receivables of HK\$129,141,000 (2020: HK\$129,141,000) (before allowance for credit losses) which bore fixed interest rates ranging from 8% to 10% (2020: 8% to 10%) per annum and were secured with charges over the assets owned by the borrowers, corporate or personal guarantees were provided by the borrowers where applicable. All of the loan receivables were past due at the end of each reporting period.

(a) Aging analysis

The aging analysis of trade and bills receivables (net of allowance for credit losses), based on earlier of the invoice date or revenue recognition date, is as follows:

	2021 HK\$'000	2020 HK\$'000

(b) Impairment of trade, bill and loan receivables

As at 31 December 2021, included in the Group trade and bill receivables (net of allowance for credit losses) balance are debtors with aggregates carrying amounts of approximately HK\$89,926,000 (2020: HK\$42,251,000), which are past due at the end of the reporting period. Out of the past due balances, HK\$41,111,000 (2020: HK\$14,880,000) (net of allowance for credit loss) has been past due 90 days or more and is not considered as default because of no recent history of default and the directors are in opinion of these balances are still considered as collectible.

The following table shows the movement in lifetime ECL of trade and bill receivables that has been recognised under the simplified approach:

As at 31 December 2021, deposits and other receivables (net of allowance for credit losses) denominated in RMB is approximately HK\$54,727,000 (2020: HK\$81,878,000).

Notes:

- (a) References are made to the Company's announcements dated 12 September 2017 and 10 October 2017. During the year ended 31 December 2017, the Group paid refundable earnest money of HK\$100,000,000 to acquire certain equity interests of a target group. As security for the repayment of the refundable earnest money of HK\$100,000,000, the entire issued share capital of the holding company of the target group held by the vendor was charged in favour of the Group, and the performance of all the obligations of the vendor was guaranteed by the shareholder of the vendor. Further reference is made to the Company's announcement dated 2 July 2019, the Group decided not to proceed with the acquisition. However, the vendor failed to return the earnest money of HK\$100,000,000. Legal actions have been taken against the vendor and the Guarantor. Further details are set out in note 43(2). In the opinion of the directors, as the recovery of the refundable deposits is remote and the difficulties on enforceability of collaterals held by the Group, the refundable deposit of HK\$100,000,000 was fully impaired during the year ended 31 December 2019.
- (b) The following table show reconciliation on loss allowance of deposits and other receivables under general approach:

Credited to profit or loss (<i>note 14</i>)	(380)
Charged to other comprehensive income	4,667
Exchange realignment	(21)
As at 31 December 2020 and as at 1 January 2021	8,197
Charged to profit or loss (<i>note 14</i>)	684
Credited to other comprehensive income	(221)
Exchange realignment	16
As at 31 December 2021	8,676

As at 31 December 2021, the Group has estimated tax losses of HK\$42,327,000 (2020: HK\$62,892,000) that are available for offsetting against future taxable profits of the group entities in which the losses arose. Deferred tax assets have not been recognised in respect of these losses as they have arisen in subsidiaries that have been loss making for some time and it is not considered probable that taxable profits will be available against which the tax losses can be utilised. The unrecognised tax losses could be carried forward indefinitely.

Pursuant to the PRC Corporate Income Tax Law, a 10% withholding tax is levied on dividends declared to foreign investors from the foreign investment enterprises established in the PRC. The requirement is effective from 1 January 2008 and applied to earnings after 31 December 2007. A lower withholding tax rate may be applied if there is a tax treaty between the PRC and the jurisdiction of the foreign investors. The applicable rate for the Group is 10%. The Group is therefore liable for withholding taxes on dividends distributed by those subsidiaries established in PRC in respect of earnings generated from 1 January 2008.

As at 31 December 2021, there was no significant unrecognised deferred tax liabilities (2020: Nil) for taxes that would be payable on the unremitted earnings of the Group's subsidiaries as the Group controls the dividend policy of these subsidiaries and it has been determined that no dividend will be distributed by these subsidiaries in the foreseeable future.

35. CONVERTIBLE NOTES

On 2 May 2014, the Company issued convertible notes with an aggregate amount of HK\$300,000,000 in connection with the acquisition of Joint Expert Global Limited and its subsidiaries. The convertible notes are denominated in HK\$, interest-free and were matured on 28 April 2017.

The convertible notes holders are entitled to convert the convertible notes into ordinary shares of the Company at a conversion price of HK\$0.183 (adjusted) per conversion share (subject to the normal adjustments pursuant to the terms and conditions of the convertible notes) at any time during the period commencing from the date of issuance of the convertible notes to the maturity date. Unless conversion notice shall have been previously given by the note holder to the Company, the Company may, by giving the note holder not less than 7 days prior written notice at any time after the date of issuance of the convertible notes, redeem the notes at a value equal to the principal amount of the notes to be redeemed. On maturity date, any convertible notes not being redeemed or converted shall be converted into conversion shares at the conversion price subject to compliance with the Listing Rules. If any conversion will trigger breach of the Listing Rules, then the Company may convert such sum of the convertible notes into shares as it considers appropriate and the remaining balance will be cancelled immediately.

Under the convertible notes, there is no contracted obligation to repay its principal nor to pay any distributions, they do not meet the definition of financial liabilities under Hong Kong Accounting Standard 32 *Financial Instruments: Presentation*. As a result, the whole instrument was classified as equity.

During the year ended 31 December 2016, the Company redeemed convertible notes with an aggregate principal amount of HK\$100,000,000 at its fair value of approximately HK\$89,155,000 to settle the profit guarantee compensation receivables. No redemption was made during the years ended 31 December 2021 and 2020. As at 31 December 2021 and 2020, the unconverted convertible notes were under dispute with a third party and litigation is in progress as disclosed in note 43.

As at 31 December 2021, the convertible notes of the Company with an aggregate principal amount of HK\$30,000,000 (2020: HK\$30,000,000) were still outstanding and are convertible into 3,278,688 shares (2020: 3,278,688 shares) with conversion price of HK\$9.15 (2020: HK\$9.15). The conversion price and number of convertible shares of the outstanding convertible notes was adjusted on 23 November 2020 as a result of Completion of Capital Reorganisation.

Based on the opinions obtained from the legal advisers of the Company, in view of the ongoing legal proceedings, the Company maintains the position that all remaining convertible notes of the Company are void and are not capable of converting into shares of the Company. Details are set out in note 44

Notes to the Consolidated Financial Statements

For the year ended 31 December 2021

36. RESERVES

(a) Share premium account and capital redemption reserve

The application of share premium account and capital redemption reserve is governed by Section 40 of the Companies Act 1981 of Bermuda (as amended) (“**Companies Act**”).

(b) Contributed surplus

Contributed surplus represents the difference between the aggregate of the nominal values of the shares of the subsidiaries acquired at the date of acquisition, over the nominal value of the shares of the Company issued in exchange thereof and issued on incorporation.

In addition to the retained earnings, under the Companies Act (as amended), contributed surplus is also available for distribution to shareholders. However, the Company cannot declare or pay a dividend, or make a distribution out of contributed surplus if:

- the Company is, or would after the payment be, unable to pay its liabilities as they become due; or
- the realisable value of the Company’s assets would thereby be less than the aggregate of its liabilities and its issued share capital and share premium account.

(c) Share option reserve

Share option reserve comprises the fair value of the actual or estimated number of shares issuable under unexercised share options granted to participants recognised in accordance with accounting policy set out in note 4.

(d) Asset revaluation reserve

Asset revaluation reserve has been set up and is dealt with in accordance with the accounting policies adopted for property, plant and equipment set out in note 4.

(e) Exchange fluctuation reserve

Exchange fluctuation reserve represents exchange differences relating to the translation of the net assets of the Group’s foreign operations from their functional currencies to the Group’s presentation currency (i.e. HK\$) are recognised directly in other comprehensive income and accumulated in the exchange fluctuation reserve. Such exchange differences accumulated in the exchange fluctuation reserve shall be reclassified to profit or loss on disposal of the foreign operations.

(f) Statutory reserve

In accordance with the relevant laws and regulations in the PRC and Articles of Association of the subsidiaries established in the PRC, it is required to appropriate 10% of the profit arrived at in accordance with the PRC accounting standards for each year to a statutory reserve. The profit arrived at must be used initially to set off against any accumulated losses. The appropriations to statutory reserve, after offsetting against any accumulated losses, must be made before the distribution of dividends to shareholders. The appropriation is required until the statutory reserve reaches 50% of the registered capital of the respective entity. This statutory reserve is not distributable in the form of cash dividends, but may be used to set off losses or be converted into paid-in-capital.

37. SHARE OPTION SCHEME

Share option scheme adopted on 17 June 2016 (the “Option Scheme”)

The Option Scheme was adopted on 17 June 2016. The purpose of the Option Scheme is to recognise and acknowledge the contributions or potential contributions made or to be made by the eligible participants to the Group and the entity in which the Group holds any equity interest (the “**Invested Entity(ies)**”), to motivate the eligible participants to optimise their performance and efficiency for the benefit of the Group and the Invested Entities, and to maintain or attract business relationship with the eligible participants whose contributions are or may be beneficial to the growth of the Group and the Invested Entities.

Eligible participants of the Option Scheme include employee (whether full-time or part-time including any executive director), officer (including any non-executive director and independent non-executive director), substantial shareholder, consultant, agent, adviser, customer, business partner, joint venture partner, strategic partner, landlord or tenant of, or any supplier or provider of goods or services to, the Company or any subsidiary or any Invested Entity, or any trustee(s) of a discretionary trust of which one or more beneficiaries belong to any of the abovementioned category(ies) of persons, or any company beneficially owned by any of the abovementioned category(ies) of persons, or any other person who satisfies the criteria set out in the Option Scheme.

The Option Scheme, unless otherwise terminated or amended, will remain in force for a period of 10 years from the date of the offer for grant of the option. The maximum numbers of shares which may be allotted and issued upon exercise of all outstanding options granted and yet to be granted under the Option Scheme and other share option schemes adopted by the Company must not in aggregate exceed 30% of the shares in issue from time to time. The total number of shares which may be allotted and issued upon exercise of all options to be granted under the Option Scheme and any other share option schemes of the Group must not in aggregate exceed 10% of the shares of the Group in issue as at the date of adopting the Option Scheme, but the Company may seek approval of its shareholders in general meeting to refresh the 10% limit under the Option Scheme.

The total number of shares issued and to be issued upon exercise of the share options granted under the Option Scheme and other share option schemes of the Group (including both exercised and outstanding options) to each participant in any 12-month period up to the date of grant must not exceed 1% of the shares in issue at the date of grant. Any further grant of share options in excess of this limit is subject to shareholders’ approval in general meeting of the Company. Share options granted under the Option Scheme to a director, chief executive or substantial shareholder of the Company, or to any of their associates, are subject to approval of the independent non-executive directors of the Company (excluding any independent non-executive director who is also a grantee of the options). In addition, any share options granted to a substantial shareholder or an independent non-executive director of the Company, or to any of their associates, in excess of 0.1% of the shares of the Company in issue at any time and with an aggregate value (based on the closing price of the Company’s shares at the date of each grant) in excess of HK\$5 million, within any 12-month period up to and including the date of such grant, are subject to shareholders’ approval in general meeting of the Company.

A share option may be accepted by a participant within 21 days from the date of the offer of the option. The exercise period of the share options granted is determinable by the directors in accordance with the terms of the Option Scheme, and commences from the date of acceptance of the offer of the share options and ends on a date which is not later than 10 years from the date of grant of the share options.

The subscription price shall be determined by the board of directors and notified to a participant at the time the grant of the option(s) (subject to any adjustments made pursuant to Clause 9 in the Option Scheme) is made to (and subject to acceptance by) the participant and shall be at least the highest of: (a) the closing price of the shares as stated in the Stock Exchange’s daily quotations sheet on the grant date, which must be a business day; (b) the average closing price of the shares as stated in the Stock Exchange’s daily quotations sheets for the five business days immediately preceding the grant date; and (c) the nominal value of the shares.

A nominal consideration of HK\$1 is payable on acceptance of the offer of an option. Share options do not confer rights on the holders to dividends or to vote at shareholders’ meeting. Each option gives the holder the right to subscribe for one ordinary share in the Company.

During the years ended 31 December 2021 and 2020, no option has been granted, exercised, lapsed or expired under the Option Scheme.

41. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (Continued)

(a) Market risk

Foreign exchange risk

The Group's businesses are principally conducted in Hong Kong and the PRC. The majority of assets and liabilities are denominated in HK\$ and RMB. The Group has minimal exposure to foreign exchange risk as most of its business transactions, assets and liabilities are principally denominated in the functional currencies of the respective group entities. The Group manages its foreign exchange risk by closely monitoring the movement of the foreign currency rates and also by way of forward contracts when necessary.

Interest rate risk

The Group is exposed to fair value interest rate risk in relation to restricted bank deposits (note 26), fixed-rate unsecured bond (note 32) and lease liabilities (note 30). The Group is also exposed to cash flow interest rate risk in relation to variable-rate bank balances (note 26) and variable-rate secured borrowings (note 32). The Group cash flow interest rate risk is mainly concentrated on the fluctuation of variable-rate bank balances and secured borrowings. The Group currently does not have an interest rate hedging policy. However, the directors monitor interest rate exposure and will consider hedging significant interest rate exposure should the need arise.

Sensitivity analysis

The sensitivity analyses below have been determined based on the exposure to interest rates at the end of the reporting period. The analysis is prepared assuming the financial instruments outstanding at the end of the reporting period were outstanding for the whole year. A 50 basis points (2020: 50 basis points) increase or decrease in variable-rate bank balances and secured borrowings are used to represent management's assessment of the reasonably possible change in interest rates. Bank balances are excluded from sensitivity analysis as the management considers that the exposure of cash flow interest rate arising from variable-rate bank balances is insignificant.

If interest rates had been 5% (2020: 5%) higher/lower and all other variables were held constant, the Group's post-tax loss for the year ended 31 December 2021 would decrease/increase by HK\$1,360,000 (2020: decrease/increase by HK\$1,597,000) respectively. This is mainly attributable to the Group's interest rates on its variable-rate secured borrowings.

Equity price risk

The Group is exposed to equity price risk through its investments in equity securities measured at FVTPL. For equity securities measured at FVTPL quoted in relevant stock exchange, the directors manage this exposure by maintaining a portfolio of investments with different risks. The management has monitored the price risk and will consider hedging the risk exposure should the need arise.

Sensitivity analysis

The sensitivity analyses have been determined based on the exposure to equity price risk at the end of the reporting period. For sensitivity analysis of equity securities with fair value measurement categorised within Level 1, the sensitivity rate is 5% as a result of the volatile financial market.

If the prices of the respective equity instruments had been 5% (2020: 5%) higher/lower, the pre-tax loss for the year ended 31 December 2021 would increase/decrease by approximately HK\$336,000 (2020: HK\$607,000) as a result of the changes in fair value of listed equity securities classified as FVTPL.

41. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES *(Continued)*

(b) Credit risk and impairment assessment

Credit risk refers to the risk that the Group's counterparties default on their contractual obligations resulting in financial losses to the Group. The Group's credit risk exposures are primarily attributable to trade, bill and loan receivables, restricted bank deposits, bank balances, deposits and other receivables.

The Group's internal credit risk grading assessment comprises the following categories:

Internal credit rating	Description	Trade and bill receivables	Other financial assets
Low risk	The counterparty has a low risk of default and does not have any past-due amounts	Lifetime ECL – (not credit-impaired)	12m ECL
Watch list	Debtor frequently repays after due dates but usually settle in full	Lifetime ECL – (not credit-impaired)	12m ECL
Doubtful	There have been significant increases in credit risk since initial recognition through information developed internally or external resources	Lifetime ECL – (not credit-impaired)	Lifetime ECL – (not credit-impaired)
Loss	There is evidence indicating the asset is credit-impaired	Lifetime ECL – (credit-impaired)	Lifetime ECL – (credit-impaired)
Write-off	There is evidence indicating that the debtor is in severe financial difficulty and the Group has no realistic prospect of recovery	Amount is written-off	Amount is written-off

Trade and bill receivables

Before accepting any new customer, the Group uses an internal credit scoring system to assess the potential customer's credit quality and defines credit limits by customer. Limits and scoring attributed to customers are reviewed twice a year. Other monitoring procedures are in place to ensure that follow-up action is taken to recover overdue debts. The Group only accepts bills issued or guaranteed by reputable PRC banks if trade receivables are settled by bills and therefore the management of the Group considers the credit risk arising from the endorsed or discounted bills is insignificant.

In order to minimise the credit risk, the management of the Group has delegated a team responsible for determination of credit limits and credit approvals.

41. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (Continued)

(b) Credit risk and impairment assessment (Continued)

Trade and bill receivables (Continued)

Trade and bill receivables are assessed based on provision matrix, except for trade and bill receivables with gross carrying amounts of approximately HK\$10,118,000 (2020: HK\$49,559,000), which are credit-impaired, that are assessed individually. The Group performed impairment assessment for the trade and bill receivables equal to lifetime ECLs, which is calculated using a provision matrix. As the Group's historical credit loss experience does not indicate significantly different loss patterns for different customer segments, the loss allowance based on past due status is not further distinguished between the Group's different customer bases.

The following table provides information about the Group's exposure to credit risk for trade and bill receivables which are assessed collectively based on provision matrix except for those who are assessed individually or credit-impaired:

	Expected loss rate	Gross carrying amounts HK\$'000	Loss allowance HK\$'000
Current (not past due)	1%	160,207	1,128
3 months past due	1%	49,516	701
4-6 months past due	3%	34,061	870
7-12 months past due	11%	8,941	1,021
Over 12 months past due	100%	14,865	14,865
As at 31 December 2021		267,590	18,585
	Expected loss rate	Gross carrying amounts HK\$'000	Loss allowance HK\$'000
Current (not past due)	1%	98,512	1,397
3 months past due	3%	28,167	796
4-6 months past due	5%	12,723	668
7-12 months past due	23%	3,678	853
Over 12 months past due	100%	16,498	16,498
As at 31 December 2020		159,578	20,212

The estimated loss rates are estimated based on historical observed default rates over the expected life of the debtors and are adjusted for forward-looking information that is available without undue cost or effort. The grouping is regularly reviewed by management to ensure relevant information about specific debtors is updated.

Loan receivables

For loan receivables, management makes periodic individual assessment on the recoverability of loan receivables based on historical settlement records, past experience, and also quantitative and qualitative information that is reasonable and supportive forward-looking information. Based on the internal credit rating, the directors considered that credit risk of loan receivables as a loss and all of loan receivables balances were recognised as lifetime ECL (credit-impaired).

Notes to the Consolidated Financial Statements

For the year ended 31 December 2021

41. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (Continued)

(b) Credit risk and impairment assessment (Continued)

Restricted bank deposits and bank balances

Credit risk on restricted bank deposits and bank balances is limited because the counterparties are reputable banks with high credit ratings assigned by credit agencies. The Group assessed 12m ECL for restricted bank deposits and bank balances by reference to information relating to probability of default and loss given default of the respective credit rating grades published by external credit rating agencies.

Deposits and other receivables

For deposits and other receivables, the management makes periodic individual assessment on the recoverability of deposits and other receivables based on historical settlement records, past experience, and also quantitative and qualitative information that is reasonable and supportive forward-looking information. The management believes that there is no significant increase in credit risk of these amounts since initial recognition and the Group provided impairment based on 12m ECL except for balances of HK\$4,164,000 (2020: HK\$4,164,000) and HK\$102,211,000 (2020: HK\$183,869,000) were impaired based on lifetime ECL classified as not credit-impaired and credit-impaired respectively as a result of significant increase in credit risk. For the year ended 31 December 2021 and 2020, impairment losses of approximately HK\$14,565,000 (2020: HK\$7,090,000) are recognised in respect of deposits and other receivables during the year ended 31 December 2021.

During the year ended 31 December 2021, the Group recognised impairment losses with the amounts of approximately HK\$12,287,000 and HK\$14,565,000 (2020: HK\$21,171,000 and HK\$7,090,000) for trade and bill receivables and deposits and other receivables respectively.

(c) Liquidity risk

In management of liquidity risk, the Group monitors and maintains a level of cash and cash equivalents deemed adequate by the management to finance the Group's operations and mitigate the effects of fluctuations in cash flows. Management monitors the utilisation of bank borrowings and ensures compliance with loan covenants.

The Group relies on bank borrowings as a significant source of liquidity. As at 31 December 2021, the Group has available unutilised banking facilities of approximately HK\$8,380,000 (2020: HK\$8,111,000).

The following table details the Group's remaining contractual maturity for its non-derivative financial liabilities based on the agreed repayment terms. The table has been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Group can be required to pay. The table includes both interest and principal cash flows.

As at 31 December 2021	On demand or within 1 year HK\$'000	1-2 years HK\$'000	Over 2 years HK\$'000	Total undiscounted cash flows HK\$'000

43. LEGAL PROCEEDINGS

As at the date of this report, the Group was involved in the following material legal proceedings:

1. Sunway Financial Management Limited as the plaintiff

Reference is made to the Company's announcement dated 20 January 2020 in relation to provision of financial assistance and announcement dated 12 August 2020 in relation to clarification on audited annual results announcement, despite the issue of legal demand letters in August 2019, the six borrowers (and their guarantors, if applicable) (the "**Loan Debtors**") who are independent third parties have failed to settle any outstanding loans and interests as at 31 December 2019. As a result, Sunway Financial Management Limited has taken the following legal proceedings against the Loan Debtors:

(a) Huali Capital Investment Holding Co., Limited ("**Huali Capital**")

In respect of the loan advanced to Huali Capital (a company registered in Hong Kong), which was guaranteed by Tailor Wealth Group Limited ("**Tailor Wealth**"), a Writ of Summons against Huali Capital had been issued in the High Court of Hong Kong under the action no. HCA 746/2020 on 21 May 2020 and had been served upon Huali Capital at its registered office on 1 June 2020. Gallant Solicitors and Notaries ("**Gallant**"), solicitors for the Company, had obtained judgment (the "**Judgment**") in default on 18 August 2020. Since Huali Capital had failed to satisfy the Judgment, a statutory demand was served on Huali Capital on 7 October 2020. The Company filed a petition for winding up against Huali Capital on 18 November 2020. On 17 February 2021, a Winding Up Order was granted by the Court. Mr. Osman Mohammed Arab and Mr. Wong Kwok Keung of RSM Corporate Advisory (Hong Kong) Limited were appointed as the Joint and Several Provisional Liquidators on 17 February 2021 and they are in the progress of investigating the assets and liabilities of Huali Capital.

In respect of the guarantor Tailor Wealth (a company registered in BVI, legal advice had been obtained from a BVI legal firm, namely Appleby, to take legal action against Tailor Wealth. A Winding Up Order was made on 18 January 2021 and it was ordered that Tailor Wealth be liquidated by the Court. Mr. Matthew Richardson of Grant Thornton (British Virgin Islands) Limited, a licensed insolvency practitioner in BVI and Mr. David Bennett of Grant Thornton Recovery & Reorganisation Limited in Hong Kong had been appointed as Joint Liquidators. The Joint Liquidators reported that they were yet to receive a response from a number of the parties identified and contacted previously. From the records and information received, there was no evidence of any assets held by Tailor Wealth.

(b) Mei Rui Group Limited ("**Mei Rui**")

In respect of the loan advanced to Mei Rui (a company registered in BVI), legal advice had been obtained from Appleby to take legal action against Mei Rui. A Winding Up Order was made on 18 January 2021 and it was ordered that Mei Rui be liquidated by the Court. Mr. Matthew Richardson and Mr. David Bennett had been appointed as Joint Liquidators.

Upon Mei Rui's request, the Joint Liquidators are informed to withhold the liquidation procedure until further notice as the parties are in the course of negotiating settlement on repayment of indebtedness.

43. LEGAL PROCEEDINGS (Continued)

1. Sunway Financial Management Limited as the plaintiff (Continued)

(c) Shenzhen Siping Investment Company Limited (“Shenzhen Siping”)

In respect of the loan advanced to Shenzhen Siping (a company incorporated in the PRC), legal advice had been obtained from a legal firm in the Mainland China, namely Zhuoxin Law Firm, to commence legal actions against Shenzhen Siping and 鄭肇宏 (“Mr. Zheng”), the director of Shenzhen Siping, for the recovery of the outstanding loan receivables in August 2020. The Company has applied to withdraw the claim against Shenzhen Siping and Mr. Zheng on the ground that there is insufficient evidence to proceed with the claim. The Company is now waiting for the refund of half of the costs of the legal action from Shenzhen Qianhai Cooperation Zone People’s Court.

(d) Fuzhou Xufa Trading Company Limited (“Fuzhou Xufa”)

In respect of the loan advanced to Fuzhou Xufa (a company incorporated in the PRC), legal advice had been obtained from Zhuoxin Law Firm to commence legal actions against Fuzhou Xufa for the recovery of outstanding loan receivables. Subsequently, Fuzhou Xufa contacted Sunway FM that it wished to negotiate for settlement of the debt on the condition that the legal action be withdrawn. A cheque in the sum of HK\$1 million was tendered to Sunway FM as earnest money for settlement negotiation. On 21 September 2020, Sunway FM accepted Fuzhou Xufa’s request for settlement negotiation. Sunway FM therefore instructed Zhuoxin Law Firm to notify the Court of its intention to withdraw the case for settlement negotiation and it has applied for refund of half of the costs of the legal action from Fuzhou Intermediate People’s Court and is now waiting for the refund.

Sunway FM has been advised by Zhuoxin Law Firm that it can resume the Court case if the settlement negotiation does not become fruitful. However, final settlement has not been reached yet due to lasting travel restrictions. Hence, Sunway FM will consider to instruct Zhuoxin Law Firm to recommence legal action against Fuzhou Xufa for the recovery of outstanding loan receivables.

(e) Charmate Development Limited (“Charmate”)

In respect of the loans advanced to Charmate (a company registered in BVI) which were guaranteed by Mr. Chen Zhiguo 陳志國 (“Mr. Chen”) (being a Chinese national), legal advice had been obtained from Appleby to take legal action against Charmate. A Winding Up Order was made on 18 January 2021 and it was ordered that Charmate be liquidated by the Court. Mr. Matthew Richardson and Mr. David Bennett had been appointed as Joint Liquidators. The Joint Liquidators reported that they were yet to receive a response from a number of the parties identified and contacted previously. From the records and information received, there was no evidence of any assets held by Charmate.

Legal action for the recovery of outstanding loan receivables from Mr. Chen, the guarantor, had been commenced in Fujian Putian Intermediate People’s Court. Zhuoxin Law Firm, Sunway FM’s PRC legal representative, and Mr. Chen’s legal representative attended a hearing on 26 October 2021, in which both parties had submitted evidence. The Company is now waiting for further directions from the Court.

43. LEGAL PROCEEDINGS (Continued)

1. Sunway Financial Management Limited as the plaintiff (Continued)

(f) Fuzhou Dongye Trading Company Limited (“Fuzhou Dongye”)

In respect of the loan advanced to Fuzhou Dongye and the subsequent assignment of loan to Sky Long Group Limited (“**Sky Long**”), legal advice had been obtained from a Samoa legal firm, namely Leung Wai Law Firm as to the most cost-effective way to recover the loan receivables from Sky Long. It has been noted that Sky Long is the holding company of Tailor Wealth which is the holding company of Huali Capital. Since winding up and enforcement actions have been taken against Tailor Wealth and Huali Capital, actions will be taken against Sky Long after the result of the liquidation of Tailor Wealth in the BVI and Huali Capital in Hong Kong in order to save costs.

2. Sunway New Energy Industry Group Limited as the plaintiff

References are made to the announcements of the Company dated 12 September 2017, 10 October 2017 and 25 April 2018 in relation to the memorandum of understanding dated 12 September 2017 (as supplemented on 10 October 2017 and 25 April 2018) (the “**MOU**”) entered into among Sunway New Energy, Divine Lands International Gas Holdings Group Limited (神州國際燃氣控股集團有限公司) (the “**Vendor**”) and Deng Chao (鄧超) (the “**Guarantor**”) in relation to the possible acquisition of the entire issued share capital of Sino New Energy International Limited (中國超燃能源國際有限公司) (the “**Possible Acquisition**”).

Pursuant to the MOU, Sunway New Energy had paid in cash an earnest money in the sum of HK\$100,000,000 (the “**Refundable Earnest Money**”) to the Vendor. The Refundable Earnest Money shall be applied as part payment of the consideration for the Possible Acquisition upon signing of the formal agreement. Should Sunway New Energy decide not to proceed with the Possible Acquisition or Sunway New Energy and the Vendor fail to enter into the formal agreement within the exclusivity period, the Vendor shall refund the Refundable Earnest Money together with interest accrued thereon to Sunway New Energy.

Since Sunway New Energy decides not to proceed with the Possible Acquisition and no formal agreement was entered into between Sunway New Energy and the Vendor within the exclusivity period, Sunway New Energy had requested the Vendor to return the Refundable Earnest Money. However, the Vendor fails to return the Refundable Earnest Money to Sunway New Energy.

Reference is made to the announcement of the Company dated 2 July 2019 on which Sunway New Energy had filed a writ with the Sichuan Le Shan Intermediate People’s Court* (四川省樂山市中級人民法院) (the “**Court**”) for the commencement of legal proceedings against, among others, the Vendor and the Guarantor for the return of the Refundable Earnest Money. On the same day, the Court had accepted the writ filed by Sunway New Energy.

43. LEGAL PROCEEDINGS (Continued)

2. Sunway New Energy Industry Group Limited as the plaintiff (Continued)

According to the civil ruling by the Court on 16 July 2019, the Guarantor's assets with value within RMB100,000,000, being the shares of the PRC companies as owned by the Guarantor (the "Frozen Shares"), were suspended for a period of three years. As advised by the Company's PRC Counsel dated 25 September 2020, the Frozen Shares, which were also under liquidation proceedings in some other legal cases, had to be released under the PRC laws. However, for prudence purpose and compliance with HKFRS 9, full impairment had already been made against the Refundable Earnest Money during the year ended 31 December 2019 in accordance with the valuation report.

As per the PRC Counsel's advice dated 18 March 2022:

- (a) the Court held that both of the Vendor and the Guarantor be liable to refund the Refundable Earnest Money together with interest accrued thereon to Sunway New Energy. However, as at the date of this report, Sunway New Energy had not yet been refunded for anything because both of the Vendor and the Guarantor were found not to own any valuable and enforceable assets; and
- (b) in addition, in view of the huge net liabilities as shown by the latest audited report, the Frozen Shares were declared bankruptcy by the local court on 13 February 2022. It is expected that the bankruptcy procedures may be completed by the end of 2022.

3. The Company/its subsidiary as the plaintiff

By a Generally Indorsed Writ of Summons dated 23 June 2015 and Statement of Claim dated 18 August 2015 issued by the Company and First Billion Global Limited, a wholly-owned subsidiary of the Company (collectively, the "Plaintiffs") against Xiao Guang Kevin (蕭光) ("Mr. Xiao") and Wang Zhining (王志寧) ("Mr. Wang") (collectively, the "Defendants"), the vendor and the guarantor, respectively, all of whom are parties to a very substantial acquisition of the Company (the "VSA") as announced by the Company in its announcement dated 30 January 2014 and its circular dated 31 March 2014, the Plaintiffs claim that the Defendants have fundamentally breached the terms and conditions of the SPA (the "SPA Legal Proceedings"). Accordingly, the Plaintiffs are seeking to rescind the SPA under which, as part of the consideration price, certain convertible notes were issued by the Company to Mr. Xiao.

On 16 March 2017, the Plaintiffs filed an Amended Statement of Claim to the Court of First Instance adding Ms. Liu as a defendant to the SPA Legal Proceedings claiming, amongst other things, that Ms. Liu is a nominee of Mr. Wang and further claim against the Defendants for misrepresentation regarding the undisclosed guarantees given by Zhuhai Hoston in favour of 王天 (Wang Tian) which has led to the Group's involvement in such litigation.

Pursuant to the Order of the Court of First Instance dated 5 December 2017, the Plaintiffs filed and served on the Defendants their Further and Better Particulars of the Amended Statement of Claim on 9 January 2018. Upon counsel's advice, the Plaintiffs are considering to further amend the Amended Statement of Claim in order to, amongst other things, simplify their claims and to make clear their causes of action in due course. For the purpose of saving costs, the Plaintiffs have allowed the Defendants to withhold preparing their Amended Defence pending the Plaintiff's aforesaid application to further amend the Amended Statement of Claim.

In the circumstances, the Plaintiffs have filed a Notice of Intention of Proceed into Court on 10 November 2021.

43. LEGAL PROCEEDINGS (Continued)

4. The Company/its subsidiary as the defendant

References are made to the announcement of the Company dated 11 November 2016 and the Annual Report 2020 in relation to the civil complaints involving Zhuhai Hoston, an indirectly non-wholly owned subsidiary of the Company.

Upon the respective applications of Kou Jinshui (寇金水) and 珠海河川商貿有限公司 (Zhuhai Hechuan Commercial and Trade Co., Ltd.*) (“**Zhuhai Hechuan**”), an independent third party, three bank accounts of Zhuhai Hoston and 70% equity interest of Zhuhai Hoston in Guangdong Hengjia were impounded, for the three years from 27 July 2017 to 27 July 2020, by the Xiangzhou People’s Court pursuant to an execution order dated 27 December 2016. As at the date this report, the share impoundment has expired and become invalid.

Save as disclosed above and elsewhere in this report, as at the date of this report, neither the Company nor any of its subsidiaries was engaged in any litigation, arbitration or claim of material importance and no litigation, arbitration or claim of material importance was known to the directors to be pending or threatened by or against the Group.

44. CONTINGENT LIABILITIES

References are made to the Company’s announcements dated 5 February 2016, 14 March 2017 and 4 September 2017 in relation to an action commenced by Liu Qian (劉倩) (“**Ms. Liu**”) as the plaintiff against the Company as the defendant.

The court further gave directions on 31 December 2018 for the parties to consider fixing a case management summons but no case management summons has been fixed yet as of the date of this report.

The amount of the claims by Ms. Liu, in relation to the convertible notes with a face value of HK\$15 million, was about HK\$40 million as per the Statement of Claim dated 29 January 2016. The convertible notes were issued in favour of the vendor as part of the consideration of the sale and purchase agreement dated 3 October 2013 (“**SPA**”). According to a legal opinion dated 15 March 2022 given by the Company’s solicitors, upon the fundamental breach of the SPA, it is open for the Company to argue that the terms and conditions under the SPA has failed and the outstanding convertible notes are void and have no effect.
